(Notes)

1. Required a majority vote of approval, in terms of number of voting rights, by the shareholders in attendance.
2. Required attendance by shareholders representing more than one-third of all eligible voting rights and a majority vote of approval by those shareholders in attendance.

(4) Reason for not including part of the number of voting rights of shareholders in attendance at the General Shareholders Meeting into the number of voting rights

Because the total numbers for which approval or disapproval of each proposal by those who exercised their voting rights prior to the Meeting or by part of those in attendance excluding those who were not in the Meeting at the time of voting (they must be exercised by a proxy of shareholder who has submitted the power of attorney or confirmed by a notice of acting representative submitted from an institutional shareholder) satisfied the requisite for passage, thereby resulting in passage of said proposals under application of the Company Law of Japan, the figures shown do not include the voting rights of some shareholders in attendance at the General Shareholders Meeting for whom approval, disapproval or abstention could not be confirmed. In calculating approval percentages, the number of voting rights of shareholders who were in attendance at the General Shareholders Meetings but whose approval, disapproval or abstention could not be confirmed was included in the denominator.
