Sumitomo Metal Mining Co., Ltd.

President & Representative Director: Nobuhiro Matsumoto

Contact: +81-3-3436-7705

Securities Code: 5713

URL: <https://www.smm.co.jp/en/>

The corporate governance of Sumitomo Metal Mining Co., Ltd. (“the Company”) is as set out below.

I Basic Philosophy of Corporate Governance, Capital Structure, Corporate Data, and Other Basic Information

1. Basic philosophy

The Company’s basic philosophy pertaining to corporate governance is set out in “Corporate Governance Basic Policy, 2. Basic philosophy” and is displayed publicly on the Company website at the address below.

Corporate Governance Basic Policy

URL: <https://www.smm.co.jp/en/ir/management/governance/>

Updated

Reasons for not applying a particular principle of *Japan’s Corporate Governance Code*

The Company writes this Corporate Governance Report by reference to all Principles of the Corporate Governance Code revised as of June 1, 2021.

Supplementary Principle 4.1.3: The board’s engagement in succession planning for the CEO and other top executives

The succession planning for holders of the office of chief executive officer (president and director) is conducted and executed appropriately on the basis of our corporate philosophy and business plans.

With regard to the candidate for the successor to the president, the Governance Committee (Chair: Taeko Ishii, Director), composed of the chairman of the Board of Directors who is not an executive officer and two independent outside directors, has opportunities to deliberate on the environment and methods for fostering the next president as well as concerning the candidates, etc. Regarding the specific procedure for selecting the successor to the president, after consulting with the Governance Committee about the candidate recommended by the president and receiving advice on whether the candidate has the qualifications, knowledge, experience, abilities, and insight worthy of a president

and director, the president makes the final proposal to the Board of Directors, which makes the final decision after due deliberation.

With regard to the selection of the candidate executive officers who will constitute the pool of candidates for future president, the president, based on recommendations from the executive officers, consults with the Governance Committee regarding the best lineup to resolve the issues management faces, formulates the final proposal with reference to that advice, and submits the proposal to the Board of Directors. The Board of Directors then makes the final decision after due deliberation.

Supplementary Principle 4.2.1: Management remuneration as an incentive

The Company's financial results are significantly impacted by prevailing metal market conditions and exchange rates, and thus do not necessarily correspond with the progress of management strategies and projects. Furthermore, projects related to resource development and the construction of smelting and refining plants require extremely long time periods from start to completion, and it is not unusual for the composition of management to have changed by the time the fruits of those projects can be reaped.

Given these characteristics of its business, the Company has considered how remuneration should operate as a healthy incentive for individual directors and managers and has consequently laid down its current remuneration system composed of performance-based remuneration and bonuses based on consolidated financial results and assessment factors such as the degree of attainment of personal targets under medium-to-long-term management strategies. For the basic policies and procedures for remuneration, please refer to section (iii) of "Principle 3.1: Full disclosure" below. At present, we do not believe that remuneration in the form of Company stock would effectively operate as a healthy incentive for management, and thus have not introduced it.

Disclosures pursuant to specific principles of *Japan's Corporate Governance Code*

The Company writes this Corporate Governance Report by reference to all Principles of the Corporate Governance Code revised as of June 1, 2021.

Principle 1.4: Cross-shareholdings

When advancing our business strategy, the Company may engage in strategic shareholdings with business partners or other companies if it is judged that doing so will contribute to strengthening our business base over the mid to long term. With regard to existing cross-shareholdings, the Board of Directors verifies aspects such as the objectives of holdings and whether the benefits therefrom cover the Company's cost of capital every year. As a result of this verification, with regard to shares whose holding is judged to have little significance, including shares considered no longer worth the cost of capital and shares judged to have become less relevant due to recent business changes, we will proceed with concrete consideration based on the premise of reduction. Furthermore, in

cases where a company cross-holding the Company's shares expresses a desire to sell, we will not prevent such a sale, etc. by suggesting a reduction in the size of the transaction, or by other means.

With regard to the exercise of voting rights in cross-shareholdings, the Company determines whether to vote for or against each proposal after giving comprehensive consideration, based on the financial results and other aspects of the financial condition of each of the issuing companies, to matters such as whether each proposal will contribute to increasing the corporate value of, or enhancing shareholders' interests in, that company over the medium to long term, and what impact it will have on the Company's corporate value or shareholders' interests. In order to determine whether to approve or reject proposals, the Company will engage in dialogue with the issuing company regarding the contents of each proposal, etc., as necessary. Decisions on voting are made particularly cautiously in circumstances such as cases of companies affected by major scandals or by persistent losses.

The most recent verification by the Board of Directors was conducted at a regular Board of Directors meeting held in June 2024 for all cross-shareholdings held by the Company.

In fiscal 2024, the Company sold all cross-shareholdings in six companies, and partial cross-shareholdings in one company. As a result, as of March 31, 2025, the Company maintained cross-shareholdings in 36 publicly-listed companies (including deemed cross-shareholdings).

For details on cross-shareholdings, please see the Company's Annual Securities Report.

Principle 1.7: Related-party transactions

Transactions between the Company and our Directors or Audit & Supervisory Board Members will require the prior approval of the Board of Directors so as to ensure that the interests of the Company and the common interests of our shareholders are not harmed. Additionally, the Company will survey whether or not such transactions have been carried out and report our findings to the Board of Directors semiannually.

If any transaction with a major shareholder arises, it will be handled under the same standards as transactions between the Company and our Directors. A major shareholder is one who holds 10% or more of the voting rights of the Company.

Supplementary Principle 2.4.1: Ensuring diversity in the promotion of core human resources

1. Approach to ensuring diversity

The SMM Group Corporate Philosophy calls for recognizing the dignity and value of people based on respect for all individuals. The SMM Group Code of Conduct, which summarizes specific standards of conduct for officers and employees in achieving that respect for individuals, stipulates that we "accept diversity and respect the individuality and rights of people." The Sumitomo Metal Mining Group Policy on Human Rights

declares that we will not allow discrimination, harassment, or bullying on the basis of race, religion, gender, age, sexual orientation, disabilities, nationality, or other characteristics in employment and work scenarios. In the SMM Group's material issues (Materiality) disclosed in March 2025, we have set Human Capital Management as one of our material issues, and set "a company that attracts a diverse workforce and allows them to grow and thrive" as our Vision for 2030.

Diversity Equity & Inclusion (DE&I) is another key element in promoting Human Capital Management. It is essential to foster a corporate culture where diverse talents recognize and trust each other, leverage their strengths, and collaborate under fair opportunities, acknowledging the various perspectives and ideas. In addition to diversifying attributes such as gender, nationality, and age, the SMM Group promotes the diversification of abilities and experiences to generate new ideas, enhance organizational flexibility and competitiveness, and drive transformation through the creation of new value.

Based on this approach, from a human capital management perspective we revised our human resource system in July 2023 to one centered on a job grade system for managerial track employees, in order to take in diverse human resources, make use of diverse values, and enhance our corporate value while maintaining a mechanism that allows organizations and employees to grow from a long-term perspective. We will continue to provide the sense of security and stability of the past while also enabling new challenges, transformation, and growth as all employees learn and grow autonomously.

2. Voluntary and measurable goals for ensuring diversity and progress toward their achievement

1) Women in managerial positions

In order to realize the Company's "Vision for 2030," we are working to promote greater opportunities for women, including promotion to managerial positions and assignment to overseas posts in addition to domestic locations. The Company aims to increase the number of women in managerial positions to at least 5% of total managerial personnel by the end of fiscal 2027 in the General Employers Action Plan based on the Act on Promotion of Women's Participation and Advancement in the Workplace, and the number of women in managerial positions as of April 1, 2025 was 28, representing 3.3% of total managerial personnel. Furthermore, as a KPI for the Company's "Vision for 2030," we aim to have 50 women in managerial positions (equivalent to 7% of total managerial personnel). In order to create an environment where all employees can thrive, regardless of gender, and to promote our growth strategy, we are implementing necessary measures from a medium- to long-term perspective.

<Specific examples of initiatives>

- Measures to support balance according to life stage
- Training for the development of female leaders (participation in interactions with other industries)

- Interviews with female employees returning to work after childcare leave to support their career development

These efforts have been recognized in the form of the *Kurumin* certification by the Minister of Health, Labour and Welfare as a company supporting childcare.

2) Midcareer hiring

By conducting midcareer hiring, in addition to securing personnel with specific expertise and skills, we are also working to further promote an open and vibrant organizational climate by incorporating the diverse knowledge and perspectives that our members from different backgrounds offer. The Company hired 44 midcareer career-track employees in fiscal 2024. Going forward we will continue to conduct midcareer hiring in order to realize our growth strategy.

3) Global hiring

The Company continues to hire regardless of nationality, and as of April 1, 2025, employs 15 non-Japanese employees. As we expand our business domain and create opportunities for new business outside Japan, we continue to hire and assign human resources who can play an active role globally. Specifically, we conducted a questionnaire to assess issues faced by foreign employees, along with interviews with those who wanted them, feedback to superiors, and hearings on issues. We also make all employees aware of the activities of our global human resources and internally raise awareness of the importance of creating workplace environments in which everyone can play active roles.

4) Persons with disabilities

The Company is working across the organization to improve the environment for persons with disabilities so that they can have pride, motivation, and joy in their work. Among our specific initiatives, since fiscal 2019 we have accepted students from special support schools near our workplaces to take part in workplace experiences. By deepening understanding of our workplaces and work through the experience, we aim to ensure that students feel confident in joining our Company. Since fiscal 2020, we have offered internships for university students with disabilities and actively recruited these students at workplaces that can make use of their expertise and characteristics. To support retention, we arrange regular meetings with human resource staff after joining the company to eliminate job-related anxieties and problems and to offer support as needed. We also work to make a range of improvements to our workplace environment in order to accommodate employees with disabilities. By striving to improve the work environment based on the concept of normalization, the employment rate of persons with disabilities in the SMM (in Japan) reached 2.80% as of June 1, 2024.

3. Policies for human resource development and internal environment development to ensure diversity, and the status of their implementation

The SMM Group has set “a company that attracts a diverse workforce and allows them to grow and thrive” as a key component of its “Vision for 2030,” and aims to provide a safe and secure work environment based on an open and vibrant organizational climate, where each and every one of our employees can work with energy and enthusiasm to realize their full potential. We will also strive to create a fulfilling work environment that encourages employees to grow autonomously. We believe that autonomous growth by every employee will lead to sustainable growth for our Group. In order to build a new business model and adapt to a changing business environment, we provide all employees with opportunities to improve their capabilities and are developing human resources who can steadily execute on growth strategies. Our specific initiatives are outlined below.

- 3-year program for managerial-track new employees and training programs for midcareer hires
- Programs to develop next generation of management (Officers’ Coaching School, training to develop the next generation of executive managers, etc.)
- Self-development support and recommendations
- Initiatives to encourage autonomous growth (one-on-one meetings between superiors/subordinates, etc.)
- Career planning training

In addition, based on the approach of “respect for all individuals” set forth in our Corporate Philosophy, we respect the diverse values of all employees and are working to foster a workplace environment in which all employees can fully demonstrate their abilities. Specifically, we conduct employee engagement surveys and use the findings to develop and implement action plans aimed at improving employee engagement in our respective workplaces.

Furthermore, as part of our efforts to create workplaces where diverse human resources can play vibrant and active roles, we conduct Group-wide human rights training, harassment prevention training, programs aimed at promoting understanding of LGBT issues, and training for new employees and newly appointed site managers to promote a deeper understanding of the need for diversity, equity, and inclusion (DE&I), and we confirm the effectiveness of these programs through questionnaires following their implementation. In April 2021 we established a new “Work-Life Support Desk” which handles consultations and helps resolve issues in a wide range of areas including human rights and harassment, workplace relations, balancing work with childcare and nursing care, and career counseling. 28 consultations were responded to in fiscal 2024. In addition, in April 2025 we established a new DE&I Collaborative Creation Sect.

For information on our related approaches, policies and initiatives, refer to the Company’s Sustainability Report below.

URL: https://www.smm.co.jp/en/sustainability/library/sustainability_report/

Principle 2.6: Roles of corporate pension funds as asset owners

The Company has established the Asset Management Committee and a structure to ensure appropriate investment and management of corporate pensions. The committee advises the president, who has responsibility for pension management, in such areas as the formulation and revision of basic management policy and the strategic asset mix, and the evaluation of asset managers. The committee also endeavors to enhance the expertise of secretariat personnel by such means as having them participate in pension-related seminars.

Principle 3.1: Full disclosure

(i) Business principles and strategies

The SMM Group Corporate Philosophy and its source, Sumitomo Business Spirit, the SMM Group Management Vision, which delineates what the Company aims to become on the basis of the corporate philosophy, and the SMM Group Code of Conduct, which sets out the standards of conduct required of officers and employees to fulfill its corporate philosophy, are displayed publicly on the Company's website at the addresses below.

SMM Group Corporate Philosophy

URL: https://www.smm.co.jp/en/corp_info/philosophy/principle/

The Sumitomo Business Philosophy

URL: https://www.smm.co.jp/en/corp_info/philosophy/sumitomo/

SMM Group Management Vision

URL: https://www.smm.co.jp/en/corp_info/philosophy/vision/

SMM Group Code of Conduct

URL: https://www.smm.co.jp/en/corp_info/philosophy/conduct/

Also, the 2021 3-Year Business Plan, which covers the period from fiscal 2022 through fiscal 2024, is displayed publicly on the Company's website at the address below.

URL: <https://www.smm.co.jp/en/ir/management/plan/>

(ii) Basic views and basic policy on corporate governance

The basic policy on corporate governance, including the basic philosophy on corporate governance, has been compiled as the "Corporate Governance Basic Policy" and is displayed publicly on the Company's website at the address below.

URL: <https://www.smm.co.jp/en/ir/management/governance/>

(iii) Basic policies and procedures for the remuneration of senior management and directors

The policy regarding the determination of remuneration, etc. of individual directors (including directors who concurrently serve as Executive Officers) is as follows.

1. Basic Policy

Remuneration for Directors of the Company is linked to the business performance of

the Company, and designed to motivate Directors to achieve mid to long-term goals, based on the business structure of the Company, so that it functions as a sufficient incentive to contribute to sustainable growth, increase the corporate value of the Group over the mid to long term, and to strengthen and maintain the management base. When determining the remuneration of individual Directors, the amount of remuneration is calculated using a predetermined formula in order to ensure fairness, and the Company maintains a basic policy of setting remuneration at an appropriate level based on the responsibilities of each Director.

Specifically, the remuneration for Directors (excluding a Chairman and Director and Outside Directors) shall consist of basic remuneration and bonuses. Basic remuneration shall consist of fixed remuneration (remuneration which is neither performance-based nor non-monetary) and performance-based remuneration, etc., while bonuses shall be performance-based remuneration, etc. A Chairman and Director and Outside Directors shall receive only basic remuneration and no bonuses. Basic remuneration is calculated on an annual basis for each individual and paid each month in monthly installments, while bonuses are paid once annually after approval is obtained at the ordinary general meeting of shareholders.

2. Basic Remuneration

1) Policy on determination of remuneration, etc. for the President and Representative Director

Basic remuneration for the President and Representative Director is composed of fixed remuneration and performance-based remuneration.

The amount of fixed remuneration will be a basic amount for calculation set by referencing the remuneration trends of domestic companies in the same industry and domestic manufacturing companies of the same size as the Company ("Basic Amount for Calculation of Fixed Remuneration") multiplied by a predetermined position-specific coefficient.

As an evaluation of corporate management performance, performance-based remuneration, etc., is paid as an amount calculated in accordance with the degree of achievement of targets for net income attributable to owners of the parent and safety during the previous fiscal year.

2) Policy on determination of remuneration, etc. for a Chairman and Representative Director

Basic remuneration for a Chairman and Representative Director is composed of fixed remuneration and performance-based remuneration.

The amount of fixed remuneration will be the Basic Amount for Calculation of Fixed Remuneration multiplied by a predetermined position-specific coefficient.

As an evaluation of corporate management performance, performance-based remuneration, etc., is paid as an amount calculated in accordance with the degree of achievement of a target for net income attributable to owners of the parent during the previous fiscal year.

3) Policy on determination of remuneration, etc. for a Chairman and Director and Outside Directors

Basic remuneration for a Chairman and Director and Outside Directors is composed of fixed remuneration.

The amount of fixed remuneration will be the Basic Amount for Calculation of Fixed Remuneration multiplied by a predetermined position-specific coefficient.

In the event that the Chairman and Director or an Outside Director concurrently serves as the chairperson of the Board of Directors, a predetermined amount of fixed remuneration shall be paid in addition to the basic remuneration above.

- 4) Policy on determination of remuneration, etc. for Directors who concurrently serve as Executive Officers with special titles (Executive Vice President, Senior Managing Executive Officers, Managing Executive Officers)

Basic remuneration for directors who concurrently serve as executive officers with special titles is composed of fixed remuneration and performance-based remuneration.

The amount of fixed remuneration will be the Basic Amount for Calculation of Fixed Remuneration multiplied by a predetermined position-specific coefficient.

The amount to be paid as a performance-based remuneration will be determined taking into account job responsibilities, departmental performance, and individual performance evaluations.

Representative Directors who concurrently serve as Vice President or Senior Managing Executive Officers and Directors who concurrently serve as Managing Executive Officers shall be paid fixed remuneration predetermined in consideration of their positions and responsibilities in addition to the basic remuneration above.

The amount of such fixed remuneration shall not exceed 10% of basic remuneration.

- 5) Policy on determination of remuneration, etc., for Directors who concurrently serve as Executive Officers (excluding Executive Officers with special titles)

Basic remuneration for Directors who concurrently serve as Executive Officers shall be composed entirely of fixed remuneration predetermined in consideration of their positions and responsibilities and other factors. However, the basic remuneration for their role as an executive officer shall be paid separately as an employee salary.

3. Bonuses

Bonuses for Directors shall be paid to Directors, excluding a Chairman and Director and Outside Directors, as a reward for their performance in the corresponding fiscal year, and shall be proposed and deliberated at the ordinary general meeting of shareholders for the corresponding fiscal year in the case that net income attributable to owners of the parent exceeds a certain amount.

The bonus amount for the President and Representative Director, Chairman of the Board and Representative Director, and Directors who concurrently serve as Executive Officers shall be calculated by multiplying the base amount, which is determined by the degree of achievement of the target for net income attributable to owners of the parent for the corresponding fiscal year, by a position-specific coefficient, etc..

The specific amount paid to each individual will be determined by reflecting the individual performance evaluation of each Director.

4. Policy on determination of ratio of fixed remuneration and performance-based

remuneration, etc.

The ratio of fixed remuneration and performance-based remuneration, etc. for each director is determined according to the calculation method for each of the above remuneration types. However, the ratio of remuneration is determined in a manner that provides an appropriate incentive to increase corporate value based on consultation and advice from the Governance Committee, which is composed of the Chairman of the Board, who does not concurrently serve as an Executive Officer, and Independent Outside Directors.

In the case that net income attributable to owners of the parent does not reach the specified level, bonuses will not be paid.

5. Delegation of decisions regarding details of individual remuneration, etc. of Directors to third parties

The President and Representative Director shall be delegated the authority to determine specific details of individual remuneration based on a corresponding resolution by the Board of Directors, and the authority granted shall be the determination of the amount of basic remuneration and bonuses for Directors. Regarding the specific procedure involved, the President and Representative Director, who has been delegated authority by the Board of Directors, shall determine the specific amount of remuneration for each director after consulting the Governance Committee and obtaining its advice. When finalizing remuneration, the Secretary Office shall prepare a request for approval, which shall be approved by the President and Representative Director.

Results are reviewed by the Chairman of the Board, who is a member of the Governance Committee, as well as by Audit & Supervisory Board members.

(iv) Procedures in the nomination of director candidates, appointment or dismissal of senior management, and nomination of Audit & Supervisory Board member candidates

With regard to the nomination of candidates for the Board of Directors, the President comprehensively considers the knowledge, experience, ability, insight and other attributes of the candidates with respect to the best lineup for resolving current and future management issues for the sustainable development of the Company (including the positive and negative impacts on the economy, environment, and people, including human rights), and proposes suitable candidates to the Board of Directors. The Governance Committee, which consists of the Chairman of the Board of Directors who is not an executive officer and the independent outside directors who supervise the management team on behalf of shareholders and other stakeholders, will provide the President with advice. The Board of Directors makes the final decision after due deliberation.

With regard to the selection of executive officer candidates, the President, based on the recommendations of the executive officers, comprehensively considers the knowledge, experience, ability, insight and other attributes of the candidates, and determines candidates through the same procedure used to nominate directors.

The Governance Committee has opportunities to deliberate on the environment and

methods for fostering the next president as well as concerning the candidates, etc. In the event that an executive officer has rendered him or herself markedly ineligible, for example by having acted unlawfully, improperly, or disloyally, and a dismissal recommendation is made to the Board of Directors after the Governance Committee gives advice on the matter, the individual concerned may be dismissed by resolution of the Board of Directors.

With regard to the nomination of Audit & Supervisory Board member candidates, the policy is for the President to comprehensively consider the qualifications, knowledge (including that of finance, accounting, and law), experience, abilities, and insight of the candidates and, after obtaining the prior approval of the Audit & Supervisory Board, to propose the qualified candidates to the Board of Directors, which will then determine the nominations.

Reasons for the nomination of director (including directors who are executive officers) candidates and Audit & Supervisory Board member candidates will be stated in the reference materials of the General Meeting of Shareholders.

- (v) Reasons for the nomination of candidates for directors and Audit & Supervisory Board members and for individual nominations, appointments, and dismissals relating to appointments and dismissals of senior management

The reasons for individual nominations of candidates for directors at the 99th ordinary general meeting of shareholders (held on June 26, 2024) are stated in the reference documentation for that meeting. The said reference documentation is displayed on the following Company's website.

URL: <https://www.smm.co.jp/en/ir/stock/meeting/>

Supplementary Principle 3.1.3: Disclosure of initiatives on sustainability, etc.

1. Initiatives related to sustainability

The SMM Group's Corporate Philosophy calls for co-existence with the global environment and society. It sets out ways of building and maintaining the relationships of trust indicated in the Sumitomo Business Spirit, and advocates respect for all individuals to achieve a forward-minded and vibrant company. This is due to the fact that as mining must be conducted where the targeted natural resources are present, typically in projects that span years or even decades, mine operation in particular demands that we build and maintain relationships of trust with varied stakeholders in areas of operations as a prerequisite for the continuity of our business.

The Sumitomo Metal Mining Group Sustainability Policy describes our stance in working toward the sustainability that are pursuing through co-existence with the global environment and society and respect for all individuals. The policy clearly positions contribution to the sustainable development of society as an issue for our management, and further defines the aim of our sustainable growth as enhancing the degree of our contribution and ensuring its sustainability.

In order to realize our Sustainability Policy, we have reviewed the material issues (Materiality) established in 2020 and set a new "Vision for 2030" for each material issue. The SMM Group Sustainability Policy, material issues, and Vision for 2030 are disclosed

publicly on the Company's website at the address below.

URL: <https://www.smm.co.jp/en/sustainability/>

For more details on the Company's sustainability initiatives, please refer to our Sustainability Report. To create this report as a tool for engagement with all stakeholders, we followed the Mining Principles of the International Council on Mining and Metals (ICMM) to which we belong and made reference to requirements and disclosures under the GRI Standards.

URL: https://www.smm.co.jp/en/sustainability/library/sustainability_report/

2. Investment in human capital

In order to realize “a company that attracts a diverse workforce and allows them to grow and thrive,” which is the SMM Group's Vision for 2030 in the material issue of Human Capital Management, the Company is actively investing in human resources, including conducting human resource development to ensure diversity and promoting corporate health and wellness, in order to realize the objective of “a company where all employees can take a vibrant and active part” set out in its Vision for 2030. Specific initiatives for utilizing the Company's human capital are outlined above in Supplementary Principle 2.4.1: Ensuring diversity in the promotion of core human resources, and also disclosed in the Company's Sustainability Report.

3. Investment in intellectual property

Within the selection and concentration that the Company performs in its core businesses of mineral resources, smelting and refining, and materials, research and development costs are allocated according to order of priority. In order to realize our material issue of a Stable Supply of Non-Ferrous Metals and Transition to a Circular Economy, we are promoting collaboration between our three businesses—mineral Resources, smelting & refining, and materials—and continuing to develop processes for lithium refining, battery recycling, and new smelting technologies. Meanwhile, toward our material issue of Realizing a Carbon Neutral Society, we are developing products that reduce greenhouse gas emissions, such as battery cathode materials, as well as near-infrared ray absorbing materials derived from our proprietary technology.

We disclose major R&D projects, accomplishments, and R&D expenditures in our Integrated Report, and Annual Securities Report.

4. Impact of climate change on the Company's business and profits

In order to achieve its long-term vision, the Company has set “Realizing a Carbon Neutral Society” as a material issue, and is strengthening its efforts to achieve the vision of “a company that actively works to reduce greenhouse gas (GHG) emissions and develops technologies that contribute to low carbon emissions in order to achieve a carbon neutral society.” Specifically, in December 2023, we established interim targets and a roadmap toward carbon neutrality, in addition to conducting analyses of the impact of climate change

on our business and profits in two scenarios—a 1.5°C increase scenario and a 4.0°C increase scenario. In addition, we summarize climate-related risks and opportunities from the perspective of four core elements of corporate management and operations (governance, strategy, risk management, and metrics and targets) in line with TCFD recommendations, and disclose information on each of these elements in our Sustainability Report.

Interim targets and the roadmap toward carbon neutrality are disclosed on the Company's website.

URL: https://www.smm.co.jp/en/news/release/uploaded_files/20231226_EN.pdf

Supplementary Principle 4.1.1: Outline of scope of matters delegated to the management by the board

In accordance with laws and regulations and the Company's Articles of Incorporation, decisions for business execution are delegated to the management by the Board of Directors.

Specifically, pursuant to the Regulations of the Board of Directors it lays down, the Board of Directors adopts resolutions concerning important matters such as those relating to general meetings of shareholders, directors, executive officers, management policies, business plans, risk management, sustainability, organization and personnel affairs, and projects, and with regard to matters to which the said regulations' criteria do not apply, decisions are delegated to the president, executive officers, and others pursuant to other rules laid down by the Board of Directors.

Supplementary Principle 4.2.2: Development of a basic policy for the company's sustainability initiatives; board supervision of allocation of management resources and implementation of business portfolio strategies

Following deliberation by the Board of Directors, the Company has established the "SMM Group Sustainability Policy" as its basic policy on sustainability initiatives. This basic policy states that the Company will address business issues that contribute to the sustainable development of society and work to improve our sustainable business growth and corporate value. We have specified issues to be given priority in achieving our Sustainability Policy, identifying these as material issues, set out the evaluation that we seek to earn from society by 2030 through our initiatives to tackle these material issues, and have disclosed them as Vision for 2030.

The SMM Group's sustainability initiatives are led by the Sustainability Committee, which is chaired by the President and deliberates on the following matters:

- Revision or abolition of Sustainability Policy, material issues, and "Vision for 2030"
- Material issues related to annual plans and other sustainability promotion activities, and KPIs/Goals for evaluating our level of achievement toward Vision for 2030

- Regular evaluation of sustainability promotion activities reflecting issues and opinions obtained through engagement with stakeholders, and corrective measures
- Sharing of information on sustainability promotion activities, explanation of key issues and measures, and sharing of awareness

Regarding board supervision of allocation of management resources and implementation of business portfolio strategies, the company implements it based on the Supplementary Principle 5.2.1 “Basic policy regarding business portfolio and the status of review of such portfolio” below.

Principle 4.8: Effective Use of Independent Directors

The Company appoints at least one-third of directors as independent outside directors. As outlined in 3. “Reasons for selection of present corporate governance system” below, the Company has positioned the three businesses of Mineral Resources, Smelting & Refining, and Materials as its three core businesses. Since all three businesses are related to non-ferrous metals, they have a mutual organic relationship and we believe that the current composition of the Board of Directors, which includes a certain percentage of directors from within the company and a certain percentage of independent outside directors, is optimal for making decisions on diverse management issues and for the growth of our business. We believe that it is in the best interests of the Company, its shareholders, and other stakeholders to conduct thorough deliberations from a variety of perspectives between internal directors, who possess a deep understanding of the Company's business and internal affairs, and independent outside directors, who are able to offer opinions from the perspective of shareholders and other stakeholders.

Principle 4.9: Independence standards for independent directors

Independence standards are set out in “Corporate Governance Basic Policy, Article 6-(3)-3 Independence standards” and are displayed publicly on the Company’s website at the address below.

URL: https://www.smm.co.jp/en/ir/management/governance_policy/

Supplementary Principle 4.10.1: Appropriate involvement and advice regarding consideration of nomination and compensation by the Nomination Committee and Compensation Committee

The Company is a company with an Audit & Supervisory Board and maintains a policy of appointing independent outside directors as one-third or more of its directors. We have established the Governance Committee, a committee that advises the President from an objective standpoint regarding material matters of corporate governance, such as the nomination and compensation of Directors and Executive Officers. Under this framework, the Company is working to increase management transparency and strengthen corporate governance. Details are outlined below in "II Business Management Organization and Other Corporate Governance Systems Pertaining to Management Decision-Making, Execution, and Supervision; 1. Matters relating to organizational composition, operation, etc.; Directors; Existence of optional committees equivalent to nomination committee or remuneration committee."

Supplementary Principle 4.11.1: View on the appropriate balance between knowledge, experience, and skills of the board as a whole, and also on diversity and appropriate board size

The Board of Directors will achieve a diverse composition by including both members from within the Company who are thoroughly familiar with each area of the Company's business as well as outside experts with knowledge, experience, abilities, and insight different from that of the members from within the Company. Based on "what the Board of Directors should ideally be," as stated in II.3 "Reasons for selection of present corporate governance system," the skill matrix for the Company's directors and Audit & Supervisory Board members was created and is shown in the appendix to this report. Each skill item has been selected through discussions by the Board of Directors, focusing on those required to attain the Company's long-term vision and the "Vision for 2030" for each of its material issues. As the knowledge, experience, ability, insight, and other attributes required of the Company's Board of Directors may change in response to changes in management strategies and the external environment, the Board of Directors will continue to discuss the necessary knowledge, experience, ability, insight, and other attributes, and update the skills matrix as necessary. The size of the Board of Directors will be appropriate to conducting active discussions and ensuring the briskness of the Board. One third or more of the Directors will be Independent Outside Directors in order to strive for greater managerial transparency.

Supplementary Principle 4.11.2: Holding of concurrent positions by directors and auditors

The situation regarding the holding of concurrent positions by directors and Audit & Supervisory Board members is as set out in the Company's business reports and reference documentation for general meetings of shareholders. The said business reports and

reference documentation are displayed on the following the Company's website.
URL: <https://www.smm.co.jp/en/ir/stock/meeting/>

Supplementary Principle 4.11.3: Analysis and evaluation of the effectiveness of the board as a whole, and the results thereof

The Board of Directors analyzes and evaluates the effectiveness of its performance from the perspective of appropriate decision-making for business execution and enhancing monitoring functions.

Regarding "what the Board of Directors should ideally be," which is the basis of the analysis and evaluation of the effectiveness of its performance, this is described below in II.3 "Reasons for selection of present corporate governance system."

In fiscal 2023, the Board of Directors analyzed and evaluated the effectiveness of the Board of Directors, with the following results:

1. Process of analysis and evaluation

The Company engaged a third-party organization, Japan Board Review Co., Ltd., to assist in the analysis and evaluation. A questionnaire to Directors and Audit & Supervisory Board members was prepared based on data for Board meetings, meeting minutes, and prior discussion among the third party, the Chairman of the Board of Directors, who assumes the chairmanship of the Board, and the President and Representative Director, who is the officer with ultimate responsibility for business execution. In addition, individual interviews with all respondents by the third party were conducted for the first time in three years, and a new mutual evaluation within the categories of Inside Director, Outside Director and Audit & Supervisory Board member was conducted in the interviews.

The questionnaire consisted of 79 questions in total, with the following evaluation items: (1) role, function, size, composition, and operation of the Board of Directors; (2) role, composition, and operation of the Governance Committee; (3) support for Outside Directors; (4) role and function of Audit & Supervisory Board members; (5) relationship with investors and shareholders; and (6) self-evaluation.

The Board of Directors deliberated on the effectiveness of the Board of Directors at the ordinary meeting held in February 2024, based on the report from the third party and the "what the Board of Directors should ideally be (aiming for a Board of Directors that emphasizes decision-making functions)" confirmed in fiscal 2016, and confirmed its evaluation and future actions.

2. Overview of the analysis and evaluation results

1) Questionnaire responses and interview results

Major items related to the roles and composition of the Board of Directors were rated highly and specifically as follows.

- (1) With regard to the "role and function of the Board of Directors," it was shared that the Board of Directors aims to be a "Board of Directors that emphasizes decision-making and supervises through decision-making." A shared understanding of the roles and functions of the chairman, outside directors, and

inside directors, and Audit & Supervisory Board members was well established. The idea that changes are necessary towards the future was also indicated.

- (2) The decision-making process was appropriate and allowed for lively and essential discussion, as decisions were made following discussion at Management Committee meetings, etc. and then submitted to the Board of Directors for approval.
 - (3) The size and composition of the Board of Directors were appropriate from the perspective of active discussion, decision-making, knowledge, and experience. There was also an opinion that it was necessary to further ensure diversity in terms of gender and expertise.
 - (4) Issues identified in the last year as those to be continuously addressed (securing appropriate human resources, etc.) were appropriately addressed.
 - (5) Important management issues and sustainability were adequately deliberated by the Board of Directors through open and active discussions. Implementation of proposals and its results were also appropriately followed up. On the other hand, there was an opinion that medium- to long-term competitive advantages needed to be further discussed for the future.
 - (6) The composition of the Governance Committee was appropriate, and its role was clearly defined.
 - (7) The system to support Outside directors was adequate. Their cooperation and communication with Audit & Supervisory Board members were also sufficient.
- 2) Issues seen from the responses to the questionnaire and the results of the interviews (proposals for improvement by the third-party organization)
- (1) Medium- to long-term business direction and strategies, including sustainability, should be further discussed for strengthening supervisory function through decision-making.
 - (2) The operation of the Board of Directors should be further improved, such as planned setting of discussion themes.
- 3) Response to the above issues (deliberations at Board of Directors meetings)
- (1) Among the medium- to long-term business direction and strategies, important themes will be handled as discussion themes in a planned way. The holding of off-site meetings for this purpose will also be considered.
 - (2) Data for Board meetings will be enriched to improve the quality of discussion.

3. Future actions

The Board of Directors of the Company confirmed that it will further enhance the effectiveness of the Board of Directors by continuing to address the above issues.

Analysis and evaluation of the effectiveness of the audits and the Audit & Supervisory Board, and the results

In order to ensure managerial soundness and increase the corporate value of the Company's group, the Audit & Supervisory Board Members audit the execution of

duties by directors and executive officers in accordance with the audit policies, audit plans, and other such matters prescribed by the Audit & Supervisory Board. In order to confirm and improve the effectiveness of the audits performed by Audit & Supervisory Board members and the Audit & Supervisory Board's activities, the Audit & Supervisory Board analyzes and evaluates their effectiveness.

Through this analysis and evaluation of the effectiveness, we review the audits and activities of the Audit & Supervisory Board during the previous fiscal year, consider issues to be improved and how to address them, and incorporate the findings in the next fiscal year's audit plan and day-to-day audit activities.

1. Analysis and Evaluation process

We engaged an outside professional organization, Anderson Mori & Tomotsune, to conduct the analysis and evaluation from an independent and objective standpoint. Based on the results, the Audit & Supervisory Board conducted a self-evaluation and discussed key matters.

Specifically, the outside professional organization reviewed documents related to the Company's audit activities and the Audit & Supervisory Board in fiscal year 2023, based on which the following process was performed:

- (1) Questionnaires for all Audit & Supervisory Board members
- (2) Individual interviews with all Audit & Supervisory Board members
- (3) Interviews with the administrative office of the Audit & Supervisory Board
- (4) Discussions at Audit & Supervisory Board meetings based on results of the evaluation and findings by the outside professional organization

2. Overview of the analysis and evaluation results (overall rating)

The outside professional organization reported that "the evaluation concluded that fruitful audit activities were carried out" by the Audit & Supervisory Board. The Audit & Supervisory Board confirmed this evaluation and the following points and rated that the Audit & Supervisory Board were effectively functioning and the audits were effective.

1) Again in fiscal 2023, based on audit plans Audit & Supervisory Board members performed audits mainly through attendance at important meetings including Board of Directors meetings and various committees, interviews with executives including representative directors, and on-site inspections at sites and affiliated companies; checked the status of business execution by directors, etc.; confirmed that the establishment and operation of the internal control system had been effectively implemented; and made necessary representations of their opinions as well as remarks.

2) The Company's Outside Audit & Supervisory Board members attended important meetings as many as possible and conducted on-site inspections in cooperation with full-time Audit & Supervisory Board members. As a result, Outside Audit & Supervisory Board members bore greater burden in conducting audit activities compared to outside Audit & Supervisory Board members at other companies.

3) In auditing, Audit & Supervisory Board members including Outside Audit & Supervisory Board members not only attending important meetings and providing their opinion, but also placed importance on observing sites and affiliated companies with their own eyes and communicating directly with local responsible personnel from the

perspective of the independent decision-making system applicable to Audit & Supervisory Board members. In addition, Audit & Supervisory Board members played certain roles because they communicated findings obtained during routine audit activities to management personnel, heads of divisions, and organizations that received on-site inspections in the form of statements made during meetings, delivery of investigation reports, etc. and such findings were utilized for future management.

3. Issues and future actions for them

Based on the overall rating in 2) above and from the viewpoint of further enhancing audit activities by the Company's Audit & Supervisory Board, the outside professional organization pointed out issues. Although many points were discussed on the basis of those issues, the following are the major issues and actions that were confirmed to be addressed and taken by the Audit & Supervisory Board, respectively. The Audit & Supervisory Board will also continue to examine other issues.

1) Issues concerning information sharing and cooperation among Audit & Supervisory Board members

Each regular Audit & Supervisory Board meeting is currently held before the succeeding ordinary Board of Directors meeting and therefore the time for discussion at regular Audit & Supervisory Board meetings is limited. Therefore, information is shared and opinions exchanged appropriately among Audit & Supervisory Board members not only during but also outside regular Audit & Supervisory Board meetings. In order to conduct more meaningful audit activities through in-depth discussions on issues identified or questions raised by Audit & Supervisory Board members, establishment of a new forum for discussion between all Audit & Supervisory Board members will be considered, and the results of such discussions recorded.

2) Issues concerning information sharing with Audit & Supervisory Board members of affiliated companies

In general, the risk of scandals is increasing in subsidiaries. It is therefore important to communicate with dedicated Audit & Supervisory Board members of affiliated companies. Currently, communication is promoted through the attendance of full-time Audit & Supervisory Board members at dedicated Audit & Supervisory Board member liaison meetings that are held with full-time Audit & Supervisory Board members of affiliated companies every two months. It will be examined to share information obtained from dedicated Audit & Supervisory Board members of affiliated companies further with Outside Audit & Supervisory Board members.

3) Issues concerning follow-up of audit activities

It is important to follow up the status of improvement of actions, etc. taken by executives in response to feedback expressed and remarks made by Audit & Supervisory Board members to executives in on-site inspection reports or during Board of Directors meetings regarding results of audits and discussions at Audit & Supervisory Board meetings. Accordingly, the Company will consider confirming and recording the status of follow-up actions taken by executive management regarding highly significant matters among the remarks made by Audit & Supervisory Board members to executives.

The Audit & Supervisory Board and its Members will further improve the effectiveness

of audit activities and strive to contribute to strengthening the management infrastructure and improving the corporate value of the Company's group.

Supplementary Principle 4.14.2: Training policy for directors and auditors

The training of directors and Audit & Supervisory Board Members is based on the self-improvement of each individual, and therefore the Company contributes to self-improvement by providing opportunities for training either directly or as an intermediary, and provides support for the costs thereof.

Specifically, the Company will provide training on the legal liabilities of officers, compliance, and legal knowledge for newly appointed Directors, Audit & Supervisory Board Members, and Executive Officers when assuming office. The Company will provide various kinds of internal training for Directors, Audit & Supervisory Board Members, Executive Officers, and others and endeavor to obtain timely and appropriate information through lectures by lawyers and other external experts and through other such means. Additionally, the Company will provide information on other training opportunities such as external seminars. Including the above, the Company will bear the entire amount of any expenses necessary for Director, Audit & Supervisory Board Member, and Executive Officer training.

Principle 5.1: Policy for constructive dialogue with shareholders

The Company believes that receiving the understanding and support of all of our shareholders and investors is essential for the sustainable growth and increased corporate value of the Company over the mid to long term. Therefore, in consideration of increasing corporate value over the mid to long term, the Company will develop the following IR activities to achieve constructive dialogue with our shareholders and investors in order to receive a deeper understanding of the Company.

- (i) The President will coordinate dialogue with shareholders and investors and information disclosure, and the Executive Officer supervising the Public Relations & Investor Relations Department will be the officer in charge of such dialogue and disclosure.
- (ii) The officer responsible for information disclosure (the General Manager of the Public Relations & Investor Relations Department) will decide whether or not information should be disclosed.
- (iii) When preparing materials for disclosure, the Public Relations & Investor Relations Department will collaborate with the relevant divisions, including each business division, the Sustainability Department, and the Legal Department, and conduct disclosure appropriately and in a fair and timely manner.
- (iv) The Company will implement measures to receive deeper understanding of our business. The President, heads of respective business divisions, officer responsible for IR, and the Company's directors, including outside directors, will attend, within a reasonable scope, financial results briefings and business

presentations held for institutional investors and securities analysts, and meetings with investors in Japan and overseas, and provide explanations, in addition to briefings conducted by the President regarding financial results and business strategies as well as briefings for individual investors. Additionally, the Company will establish a section on our website for individual investors and will endeavor to disclose IR information in a manner that is easy to understand.

- (v) The Company will regularly provide feedback on the views and requests learned through communication with our shareholders and investors to management and directors and make use of those views and requests in managing the Company.
- (vi) In order to prevent the divulgence of any information that could influence share prices during the preparation period of financial results announcements and to ensure fairness, the Company will establish an about two-week “quiet period” prior to the announcement of quarterly and full-year financial results and refrain from commenting or answering questions on those results during that period. Additionally, matters regarding information disclosure will be stated on internal memorandums for approval to verify the management of information. The responsible division will also thoroughly ensure that, during dialogue with shareholders and investors, no insider information is disclosed and no selective disclosure of nonpublic material information is made in accordance with the fair disclosure rule. Furthermore, if it becomes known that selective disclosure of nonpublic material information has occurred, the said information shall be publicized promptly in principle.

In order to enhance IR activities and constructive dialogue with shareholders, the Company conducts periodic surveys of its shareholder registry to ascertain the distribution of shareholders and identify substantial shareholders.

Status of dialogue with shareholders and investors

The Company conducts dialogue with shareholders and institutional investors in accordance with the basic policy outlined above in “Principle 5-1: Policy for constructive dialogue with shareholders.” The status of dialogue initiatives in fiscal 2024 is outlined below in “III. 2. IR activities.” During dialogue sessions with shareholders and institutional investors, the following topics attracted particular interest from shareholders and institutional investors: copper and nickel supply and demand, market and price trends; progress of mine development projects; trends in the automotive cathode materials business; management conscious of cost of capital and stock price; status of carbon neutrality initiatives; and shareholder return policy.

Supplementary Principle 5.2.1 Basic policy regarding business portfolio and the status of review of such portfolio

The Company manages its business portfolio based on return on capital employed (ROCE)

for each business unit (on a consolidated basis). In the event that ROCE falls below its benchmark value during the medium-term management plan period, it will be designated as a “business requiring confirmation of continuation.” In principle, during the following two years the continuity of the business will be verified and improvements and changes implemented, with a final decision on continuation of the business to be made in the year after. The Board of Directors periodically monitors the status of businesses assigned this designation. In the Medium-Term Management Plan starting in 2021, the Company has set the benchmark value for ROCE at 5.5%.

Action to Implement Management That Is Conscious of Cost of Capital and Stock Price [Date of update: 12/25/2024]

We believe that maintaining a firm financial base while steadily carrying out growth strategy for achieving our long-term vision, “Becoming a World Leader in the Non-Ferrous Metals Industry”, with consideration for the characteristics of our business (outlined below), will lead to the enhancement of our medium- to long-term corporate value. Specifically, we will continue to bring to fruition large-scale projects such as the Quebrada Blanca 2 Project, the Cote Gold Project, both of which have started commercial production, and investments to expand production capacity for automotive battery cathode materials, where major construction for the new plant has been completed and trial operations have begun. At the same time, we will implement the measures described in the 2021 3-Year Business Plan such as battery recycling and the commercialization of silicon carbide (SiC). In addition, we will manage our business based on return on capital employed (ROCE) in order to increase the profitability of our investments and improve capital efficiency.

Although we set forth a dividend policy in the 2021 3-Year Business Plan namely “consolidated payout ratio to be 35% or more in principle,” with a basic financial strategy of maintaining the consolidated equity ratio of over 50%, on February 8, 2024, the Board resolved that DOE (dividend on equity ratio*) of 1.5% shall be added as a minimum indicator, and that the dividend policy shall be changed to “dividends from surplus shall be paid out with a consolidated payout ratio to be 35% or more and a minimum indicator to be DOE of 1.5% in principle.” This new dividend policy has been applied from the year-end dividend for the fiscal year ending March 31, 2024.

*DOE (dividend on equity ratio) = Annual total dividends / Consolidated net assets attributable to owners of parent

Moreover, we are aiming to further enhance corporate value by eliminating asymmetry of information, enriching our financial and non-financial information disclosure, and strengthening sustainability initiatives.

Business Characteristics of Our Company (non-ferrous metals)

- As non-ferrous metal prices are determined in trading markets typified by the London Metal Exchange (LME), profit and loss in the non-ferrous metals business is greatly affected by the market environment.
- Demand for the non-ferrous metals (copper, nickel, etc.) that we handle in our business

is expected to continue growing steadily. However, as non-ferrous metal resources, which are limited natural resources, become depleted through mining and must be constantly replaced, a battle for first-class assets is taking place, centered on major non-ferrous players.

- In addition to the growing difficulty of developing new mineral resources at increasingly higher elevations and greater depths, the costs of materials procurement, labor, and other inputs have also increased in recent years.
- We spend time to carefully consider participation in mineral resource development projects from various angles, but once the decision to invest is made, investments on the scale of hundreds of billions of yen are quickly required.
- Harvesting the fruits of investments requires years. Without a financial base able to withstand such time scales, we would be unable to continue our business and would cease to be a candidate partner for mineral resource development.

Optional committee equivalent to remuneration committee	Governance Committee	4	0	1	3	0	0	Outside Director

Supplementary remarks **Updated**

1. Structure of the Committee and approach to independence

The Governance Committee consists of the Chairman of the Board, who is not an executive officer, and all independent outside directors (if there is no Chairman of the Board, the Committee shall consist solely of independent outside directors). As the Company requires that at least one-third of its directors be independent outside directors, the majority of the members of the Governance Committee are independent outside directors. In principle, the Chair of the Committee is selected from among the Company's independent outside directors.

2. Names of Committee members

Taeko Ishii (Outside Director; Chair)
 Manabu Kinoshita (Outside Director)
 Koji Takeuchi (Outside Director)
 Akira Nozaki (Chairman of the Board)

3. Authority and role of the Committee

The Governance Committee provides advice on the following matters:

- 1) Nomination and dismissal of directors, representative directors, qualified executive qualified executive and executive officers
- 2) Determination of remuneration and bonuses for directors and qualified executive
- 3) Other material issues related to corporate governance in addition to the preceding items

4. Status of activities

In fiscal 2024, five meetings were held (nomination: one time, remuneration: two times, general governance/other: two times), with all members in attendance at all meetings.

Audit & Supervisory Board Members

Audit & Supervisory Board established	Yes
Number of Audit & Supervisory Board Members stipulated in articles of incorporation	5
Number of Audit & Supervisory Board Members	4

Status of coordination between Audit & Supervisory Board members, the accounting auditor, and the internal auditing department.

The Internal Audit Department regularly undertakes internal audits on the status of business execution across the Group.

The Department provides an explanation of its audit plans to Audit & Supervisory Board members and the Audit & Supervisory Board while passing on all relevant information. At the same time, Audit & Supervisory Board members provide details of audit plans determined at meetings of the Audit & Supervisory Board to the Internal Audit Department, accompany staff of the Internal Audit Department as required when conducting internal audits, and attend meetings when reports on the results of internal audits are delivered to executive officers and the heads of operational divisions. In fiscal 2024, Audit & Supervisory Board members attended such meetings 20 times. KPMG AZSA LLC, the Company's accounting auditor, audits the consolidated financial statements and the effectiveness of the internal control over financial reporting. Audit & Supervisory Board members provide details of audit plans to the independent the accounting auditor. Audit & Supervisory Board members in turn receive explanations regarding audit plans and reports on audit results and reports reviewing each quarter from the accounting auditor. In this manner, close collaboration is maintained between the accounting auditor and Audit & Supervisory Board members.

 - Total amount of remuneration, etc.: 41 million yen
 - Total amount of remuneration etc. by remuneration type: Fixed remuneration 41 million yen
 - Number of eligible officers: 4
- 4) Outside Audit & Supervisory Board members
 - Total amount of remuneration, etc.: 25 million yen
 - Total amount of remuneration etc. by remuneration type: Fixed remuneration 25 million yen
 - Number of eligible officers: 2

Disclosure of policy for determining remuneration amounts or calculation methods

1. Policy on determining the details of remunerations for each Director

As described above in I: Basic Philosophy of Corporate Governance, Capital Structure, Corporate Data, and Other Basic Information; 1. Basic Philosophy; Disclosures pursuant to specific principles of Japan's Corporate Governance Code; Principle 3.1: Full disclosure; "(iii) Basic policies and procedures for the remuneration of senior management and directors."

2. Matters related to performance-based remunerations, etc.

1) Details of performance indicators selected

The indicators employed by the Company to determine performance-based remunerations include consolidated results (profit attributable to owners of parent, profit before tax), division results (return on capital employed [ROCE], free cash flows, and segment income), the degree of attainment of personal targets under medium-to long-term management strategies, and safety record (number of occupational accidents).

2) Reasons for selection of above indicators

With regards to the reasons that these indicators have been selected, the Company's consolidated results (profit attributable to owners of parent, profit before tax) were chosen as the Company views these indicators as key measures of its corporate management performance, and has set profitability targets that it aims to achieve as part of its long-term vision. Performance indicators for division results were selected in order to evaluate the three criteria of efficiency, cash flows, and absolute value of profit in a balanced manner. Regarding the degree of attainment of personal targets under medium-to long-term management strategies, we believe that the steady implementation of plans with a medium-to long-term perspective is essential in order to increase our corporate value in a sustainable manner. Regarding the setting of safety record as a performance indicator, we believe that securing a safe workplace is our operating foundation as a company engaged in the mining and manufacturing industries, including the smelting and refining industry.

3) Method of calculating the amount of performance-based remunerations, etc.

The amount of performance-based remunerations, etc., is calculated by adding an amount reflecting individual performance to an amount of position-specific performance-based remunerations, etc.

i. Method of calculating the amount of position-specific performance-based remunerations, etc.

The amount of performance-based remunerations, etc., for each position is calculated by multiplying the basic amount for calculation of the base compensation, which is calculated from profit attributable to owners of parent, by the position-specific coefficient. The amount of position-specific performance-based remunerations, etc. related to basic remunerations shall be calculated using profit attributable to owners

of parent for the previous fiscal year, and the amount of position-specific performance-based remunerations, etc. related to bonuses shall be calculated using profit attributable to owners of parent for the current fiscal year.

Amount of position-specific performance-based remunerations, etc. related to basic remunerations = Profit attributable to owners of parent for the previous fiscal year x Position-specific coefficient x Certain coefficients not based on performance

Amount of position-specific performance-based remunerations, etc. related to bonuses = Profit attributable to owners of parent for the current fiscal year x Position-specific coefficient x Certain coefficients not based on performance

ii. Method of calculating the amount reflecting individual performance

With respect to the amount reflecting individual performance related to the basic remunerations for the President and Representative Director, the total score shall be calculated based on a 4:1 ratio of "achievement level of the published forecast of company-wide performance" and "achievement level of safety record" for the previous fiscal year. The individual performance evaluation coefficient is determined, in the range of 90% to 160%, based on the predetermined coefficient table according to the total score (in this table, profit before tax is taken into account), and the amount reflecting individual performance is calculated.

With respect to the amount reflecting individual performance related to the basic remunerations for Directors who concurrently serve as executive officers with special titles (Executive Vice President, Senior Managing Executive Officers, Managing Executive Officers), the total score shall be calculated by scoring the "comparison of division results with the previous fiscal year," "achievement level of the published forecast of division results," "the degree of attainment of personal targets under medium-to long-term management strategies," and "achievement level of safety record" each for the previous fiscal year, and weighting them at a ratio of 2:4:4:1, and then the amount reflecting individual performance is calculated in the same manner as above.

With respect to the amount reflecting individual performance related to the bonus for the President and Representative Director, the total score shall be calculated based on a 4:1 ratio of "achievement level of the published forecast of company-wide performance" and "achievement level of safety record" for the current fiscal year. With respect to the amount reflecting individual performance related to the bonus for Directors who concurrently serve as executive officers, the total score shall be calculated by weighting "comparison of division results with the previous fiscal year," "achievement level of the published forecast of division results," "the degree of attainment of personal targets" and "achievement level of safety record" each for the current fiscal year at a ratio of 2:4:4:1, and the amount reflecting individual performance is calculated in the same manner as above.

Amount reflecting individual performance related to the basic remunerations = Amount of basic remunerations for each position x Certain coefficients not based on performance x Individual performance evaluation coefficient

Amount reflecting individual performance related to the bonus = Amount of bonus for

each position x Certain coefficients not based on performance x Individual performance evaluation coefficient

iii. Details of targets and actual results

Performance-based remunerations, etc. (basic remunerations), for Directors for the current fiscal year is paid based on the performance of the previous fiscal year. Targets linked to performance-based remunerations in the previous fiscal year included net income attributable to owners of the parent of 137.0 billion yen on a consolidated basis, profit before tax of 194.0 billion yen on a consolidated basis. With regard to divisional operating results (segment income), target segment income was 86.0 billion yen in the smelting and refining segment (aforementioned figures released in May 2022 results forecast). The target for safety record (number of occupational accidents of employees in Japan in calendar year 2022) was zero serious injuries and no more than seven accidents of all types. Regarding performance of these indicators, consolidated net income attributable to owners of the parent was 160.6 billion yen, consolidated profit before tax was 229.9 billion yen, and divisional operating results (segment income) in the smelting and refining segment was 117.9 billion yen. For safety record (number of occupational accidents of employees in Japan in calendar year 2022), there was one serious injury and 24 accidents of all types.

Support system for outside directors (outside Audit & Supervisory Board members)

1. The Company views the role and function of outside directors and outside Audit & Supervisory Board Members as follows.

1) Role and function of outside directors

Outside directors are expected to perform two functions: an advisory function and a monitoring function.

Regarding the advisory function, in order for the Company to achieve sustainable growth and increase its corporate value over the mid- to long-term, outside directors are expected to enhance the quality of decision-making by the Board of Directors by providing advice and making decision based on their experience and other factors, without being bound by the Company's conventional way of thinking or frameworks.

Regarding the monitoring function, outside directors are expected to serve a check function on management from an independent and objective standpoint via the Board of Directors, as well as to supervise management on behalf of shareholders and other stakeholders by providing advice during decision-making on director nomination, remuneration, and other relevant matters as members of the Governance Committee.

2) Role and function of outside Audit & Supervisory Board Members

In order for the Company to achieve sound management and increase its corporate value over the mid- to long-term, outside Audit & Supervisory Board Members are expected to conduct effective audits based on their knowledge and experience in specialized fields including finance, accounting, and legal matters, while maintaining sufficient coordination with Standing Audit & Supervisory Board Members belonging the Company.

In addition, as part of the audit process, outside Audit & Supervisory Board Members are expected to participate in key meetings, including Board of Directors meetings, and to actively express their forthright opinions from an independent and objective standpoint during the decision-making process, including not only the legality but also the appropriateness of proposals.

3) Outside Directors/Audit & Supervisory Board Members' Liaison Committee

Outside Directors and Outside Audit & Supervisory Board Members receive reports at Board of Directors meetings from the Internal Audit Department on the internal audit plan and a summary of internal audits conducted in the previous fiscal year, as well as ad hoc reports from the Internal Audit Department, Audit & Supervisory Board Members, accounting auditors, and internal control divisions. Opportunities for exchange of opinion with Audit & Supervisory Board Members are also provided periodically in order to promote mutual collaboration.

2. In order to enable outside officers to execute the above roles and responsibilities effectively, essential support is provided as follows.
 - 1) To maximize the thoroughness of Board of Directors deliberations, materials are distributed and explanations of agenda items given to outside directors and Audit & Supervisory Board members in advance.
 - 2) In order to deepen outside officers' understanding of Company business, they are given opportunities to inspect the Company Group places of business. Opportunities are also provided to address and explain large-scale projects and other subjects of interest to outside officers.
 - 3) In order to share information and to enable the objective viewpoints of people outside the Company to be reflected in management, meetings of an Outside Directors Council consisting solely of outside officers and meetings between outside officers and senior managers for direct exchanges of views are arranged.

Two personnel (occupying other positions concurrently) form a Board of Directors secretariat and three personnel (one full-time, two occupying other positions concurrently) form a secretariat for the Audit & Supervisory Board, both secretariats providing support for the outside directors and outside Audit & Supervisory Board members respectively.

Other matters

The Company abolished its executive advisor system as of June 25, 2021.

2. Matters concerning functions such as business execution, auditing and supervision, nomination, and remuneration determination (Overview of the current corporate governance system)

Updated

The Company's governance is a system for ensuring that business execution and associated monitoring and supervision are each functioning fully within the Company's management. To achieve that it operates by using audit and supervisory board and executive officer systems, conducting governance through a three-part organizational structure in which decision-making and supervision is addressed by the Board of Directors, business execution by the president and the executive officers, and auditing by the Audit & Supervisory Board members and the accounting auditor. In addition, the Company has established a Governance Committee in order to increase management transparency and enhance corporate governance.

The Board of Directors conducts decision-making that includes the making of decisions on important matters relating to business execution such as those stipulated in the Companies Act, and is responsible for monitoring functions over all corporate management, including the performance of duties by the representative director and executive officers.

In accordance with laws and regulations and the Articles of Incorporation, the Board of Directors delegates business-execution decisions to the representative director and executive officers, clearly defining their authority and responsibilities. Fundamental to business execution decision-making by the representative directors and executive officers is the conduct of investigation and screening followed by approval through systems such as the *ringi* process, and meetings of the Management Committee will be convened in the event of managerially important matters that necessitate deliberation. This system ensures that rational management judgments are made from diverse perspectives and prudent decision-making takes place. In addition, the Company engages in sustainability promotion activities, compliance activities, the Company's own unique risk-management activities, and internal control in order to address management issues that contribute to the sustainable development of society, and to achieve sustainable business growth and enhance corporate value.

All Audit & Supervisory Board members coordinate as necessary with other members, the Internal Audit Department, and the accounting auditor, including through the exchange of information, auditing business execution by directors in accordance with Regulations of the Audit & Supervisory Board, Audit & Supervisory Board Auditing Standards, laws and regulations, audit policies laid down by the Audit & Supervisory Board, audit plans, etc.

The specifics of the Company's corporate governance system are set out below.

1. Decision-Making and Supervision

1) Directors and Board of Directors

The Company's Articles of Incorporation provide for up to 10 directors, each with a term of office of one year. The composition of the Board of Directors is characterized by its diversity, being composed not only of internal officers with extensive knowledge of every field of the Company's business activities, but also of outside experts with knowledge, experience, capabilities, and opinions with perspectives that differ from those of the

inside directors. In addition, with the aim of achieving more transparent management, the Company has a policy of ensuring that at least one-third of the directors are independent outside directors, and thus at the 99th ordinary general meeting of shareholders held on June 26, 2024 selected three such directors, including a person with experience as top manager, among its eight directors. The selection of directors is conducted to the utmost extent on the basis of each candidate's personal character, with no indispensable requirements for diversity with regard to gender or nationality.

The Board of Directors is responsible for determining the execution of important business matters and supervising corporate management in general, including the execution of business by the representative director and corporate officers, and determines matters stipulated in laws and regulations and the Articles of Incorporation, as well as important matters related to execution of the Company's business. Standards defining the matters the Board must discuss are clarified in internal regulations, such as the Board of Directors Rules. Specifically, these matters include requirements stipulated in the Companies Act of Japan, such as passing resolutions related to steps such as the disposal or takeover of assets, borrowing, or investments valued above a certain limit, as well as working to strengthen the Board's monitoring function, including enhancing reporting that enables the "discussion and deliberation of important management issues and policies, etc." in response to evaluations of the effectiveness of the Board of Directors. In addition, during the fiscal 2021 evaluation of the effectiveness of the Board of Directors, the Company recognized the opinion that it was necessary to review the items to be discussed by or reported to the Board of Directors in order to contribute to strengthening monitoring by the Board. Accordingly, in October 2022, the Company conducted a comprehensive review of the monetary standards and the items required to be discussed by the Board of Directors in order to enhance the monitoring function while following the management model in principle. We have striven to further strengthen the Board's monitoring function, primarily led by the outside directors, by streamlining agenda items in order to secure more time for discussion of each matter, while being mindful not to impair the Board's management function.

In addition, with a view to further enhancing discussions at the Board of Directors meetings, a new "matters for discussion" category was established on July 1, 2023, in addition to matters requiring resolution and matters to be reported, in light of the opinions expressed during the fiscal 2022 evaluation of the effectiveness of the Board of Directors. Going forward, the Board of Directors plans to hold discussions on management strategies and important management issues from a mid- to long-term perspective.

Regular Board of Directors meetings are held once per month, but the structure also enables extraordinary Board of Directors meetings to be held whenever required, permitting flexible decision-making. In fiscal 2024, 20 meetings were convened. The attendance record of each officer in office as of March 31, 2025, is outlined below.

Name	Attendance Record
Akira Nozaki (Director)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Nobuhiro Matsumoto (Director)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Masaru Takebayashi (Director)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Hiroshi Yoshida (Director)	14/14 (100%) Attended all 14 Board of Directors meetings held (9 regular, 5 extraordinary) held following appointment
Hideyuki Okamoto (Director)	14/14 (100%) Attended all 14 Board of Directors meetings held (9 regular, 5 extraordinary) held following appointment
Taeko Ishii (Director)	19/20 (95%) Attended 19 (12 regular, 7 extraordinary) out of 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Manabu Kinoshita (Director)	18/20(90%) Attended 18 (12 regular, 6 extraordinary) out o 16 Board of Directors meetings held (12 regular, 8 extraordinary)
Koji Takeuchi (Director)	14/14 (100%) Attended all 14 Board of Directors meetings held (9 regular, 5 extraordinary) held following appointment
Koji Imai (Audit & Supervisory Board Member)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Tsuyoshi Nozawa (Audit & Supervisory Board Member)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Shoji Wakamatsu (Audit & Supervisory Board Member)	20/20 (100%) Attended all 20 Board of Directors meetings held (12 regular, 8 extraordinary)
Tsuguya Ieda (Audit & Supervisory Board Member)	14/14 (100%) Attended all 14 Board of Directors meetings held (9 regular, 5 extraordinary) held following appointment

Resolutions by and matters reported to the Board of Directors are in turn reported to Executive Officers' Meetings to ensure that information is shared among officers.

2) Governance Committee

The Company has established the Governance Committee to increase management transparency and enhance corporate governance. The Governance Committee is composed of the Chairman of the Board, who does not concurrently serve as an executive officer, and independent outside directors (or solely of independent outside directors in the case that there is no Chairman of the Board), and provides advice to the President from an objective standpoint regarding important corporate governance matters such as the nomination and remuneration of directors and executive officers, etc.

2. Business Execution

1) Delegation of authority by the Board of Directors

In accordance with laws and regulations and the Articles of Incorporation, the Board of Directors delegates decision-making regarding business execution to the President and executive officers, and supervises the execution of duties by the President and executive officers.

2) Executive officer system

As provided by its Articles of Incorporation, the Company has adopted an executive officer system.

To strengthen their executive capabilities, the executive officers' authority and responsibilities have been clearly defined, and substantial authority has been delegated to them.

There are currently 20 executive officers (including four who serve concurrently as directors). They are entrusted with important positions such as heading a business division, or a division or a department at the Company's head office, and are granted specific authority to perform their duties in each such position. In addition, executive officers report on the status of business execution once a month at Executive Officers' Meetings.

As in the case of directors, a system of performance-based remuneration has been introduced for the remuneration of executive officers. Advice from the Governance Committee is obtained with regard to the determination of the specific amounts of remuneration.

3) Management Committee

The membership of the Management Committee includes the president, senior managing executive officers, and other related executive officers, and its meetings may also be attended by the chairman of the Board of Directors, outside directors, and Audit & Supervisory Board members.

The Management Committee deliberates on important matters requiring careful consideration from a wide range of perspectives prior to their submission for the Board of Directors resolutions or approval by the president, deciding whether or not matters should be submitted to the Board of Directors, and assisting the president's decision-making.

4) Sustainability Committee

The Company has systemized its social and environment initiatives as sustainability promotion activities and is expanding them throughout the Group. In order to promote

these activities, the Sustainability Committee has been established. The Sustainability Committee is comprised of the President, the executive officer in charge of the Corporate Planning Department, and others, and may be attended by the Chairman of the Board, outside directors, and Audit & Supervisory Board members. Sustainability Subcommittees and Management System Working Groups have also been established under the Sustainability Committee, and the Company has also established the Corporate Value Enhancement Strategic Committee, DX Promotion Committee, and Carbon Neutral Promotion Committee.

5) Internal Control Committee

The Company has established an Internal Control Committee for the purpose of promoting the creation of internal-control systems and maintaining and improving these systems by regularly evaluating their effectiveness. The Internal Control Committee consists of the President, the executive officer in charge of the Internal Audit Department, and other members. Audit & Supervisory Board members may also attend committee meetings.

6) Internal audits

The Internal Audit Department has been established for the purpose of conducting internal audits as part of the auditing and supervision of business execution. This internal auditing is conducted throughout the Sumitomo Metal Mining Group, the department general manager and staff members implementing internal audits on a regular basis. The Internal Audit Department provides appropriate information, including reporting periodically to the Board of Directors on its annual internal audit plans and a summary of the previous fiscal year's internal audits (including countermeasures in the case that serious problems are discovered), and Audit & Supervisory Board members are present when the Internal Audit Department reports internal audit results to executive officers and other personnel.

3. Auditing

1) Audit & Supervisory Board members and Audit & Supervisory Board

The Company's Articles of Incorporation provide for up to five Audit & Supervisory Board members, and currently there are four (composed of two standing and two part-time [outside] members). The Company considers that the present composition and number of Audit & Supervisory Board members is suitable for ensuring the appropriate management of the Audit & Supervisory Board.

Standing Audit & Supervisory Board members belonging to the Company gather in-house information in an accurate and timely manner, and audit operations appropriately based on this information, while independent outside Audit & Supervisory Board members conduct audits in a manner that takes advantage of knowledge of their respective specialist fields and diverse perspectives.

Audit & Supervisory Board members audit the execution of duties by directors and other matters in accordance with the audit plan determined at Audit & Supervisory Board meetings. Standing Audit & Supervisory Board members formulate draft audit policies and plans, attend important meeting such as Board of Directors meetings, view important

documents approved, interview representative directors and other key persons, and perform site audits of offices, plants, and affiliated companies. Similarly, in addition to attending important meetings such as Board of Directors meetings, the Company's outside Audit & Supervisory Board members also perform site audits together with standing Audit & Supervisory Board members. Audit Reports on site audits performed by Audit & Supervisory Board members are also shared with the representative directors and other relevant persons.

Meetings of the Audit & Supervisory Board are held once a month prior to the meetings of the Board of Directors on the days upon which regular Board of Directors meetings are held, and other meetings are held whenever necessary. In fiscal 2024, 17 meetings were convened. The attendance record of each Audit & Supervisory Board member in office as of March 31, 2025, is outlined below.

Name	Attendance Record
Koji Imai (Audit & Supervisory Board Member)	17/17 (100%) Attended all 17 Audit & Supervisory Board meetings held
Tsuyoshi Nozawa (Audit & Supervisory Board Member)	17/17 (100%) Attended all 17 Audit & Supervisory Board meetings held
Shoji Wakamatsu (Audit & Supervisory Board Member)	17/17 (100%) Attended all 17 Audit & Supervisory Board meetings held
Tsuguya Ieda (Audit & Supervisory Board Member)	10/10 (100%) Attended all 10 Audit & Supervisory Board meetings held following appointment

Among the Audit & Supervisory Board members, Shoji Wakamatsu, who is an outside member, is a qualified certified public accountant and a certified public tax accountant, and thus has an advanced level of expertise in the fields of finance and accounting.

2) Accounting auditor

For the fiscal 2023, the name of the Company's accounting auditor, the certified public accountants in charge of the audit, and details of the staff who assisted with it are as set out below.

1) Name of accounting auditor

KPMG AZSA LLC

2) Certified public accountants in charge of the audit

Designated limited liability partners and engagement partners Kensuke Sodekawa, Kenya Yakuwa, and Yukihiro Kase

3) Number of staff who assisted with the audit

Certified public accountants: 12; Others: 33

4. Conclusion of limited liability agreements

The Company has concluded agreements prescribed in Article 427 Paragraph 1 of the Companies Act (liability limitation agreements) with the outside directors and Audit & Supervisory Board members, under which each officers' liability shall be limited to 10 million yen or to the minimum amount of liability prescribed by law, whichever is higher.

3. Reasons for selection of present corporate governance system

In line with its Corporate Governance Basic Policy, which summarizes the Company's basic philosophy for corporate governance and the framework therefor, the Company believes that its governance is a system that ensures that business execution and the associated monitoring and supervision are each functioning fully by using audit and supervisory board and executive officer systems with which to conduct governance through a three-part organizational structure in which decision-making and supervision is addressed by the Board of Directors, business execution by the president and the executive officers, and auditing by the Audit & Supervisory Board members and the accounting auditor.

Positioning Mineral Resources, Smelting & Refining, and Materials as its three core businesses, the Company aims to realize its Long-term Vision "Becoming a World Leader in the Non-Ferrous Metals Industry." Since all three businesses are related to non-ferrous metals, they have a mutual organic relationship and their business contents and scale are such that the Board of Directors can make decisions itself regarding diverse management issues. Furthermore, from the viewpoint of the stronger coordination currently being promoted among the three businesses, it will further stimulate the Company's growth if the Board of Directors itself comprehensively makes decisions rather than giving strong independence to each business segment and permitting them to make their own decisions. To this end, we consider that in principle a management model would be appropriate for the Company's governance, rather than a monitoring model that oversees overall business execution after the fact.

Furthermore, in view of the distinctive characteristics of the Sumitomo Metal Mining Group's business operations, it is important to strengthen the management infrastructure (particularly regarding compliance, safety, and the environment) and therefore necessary to establish a system whereby auditors can point out issues to directors and executive officers without hesitation. From this viewpoint, we have adopted an organizational structure of a company with an Audit & Supervisory Board in which auditors with guaranteed independent authority can be expected to exercise their auditing functions stably over a period of four years. At present auditors do not have the right of convocation regarding decisions of the Board of Directors or the right to vote on the Board of Directors. The resulting inability of auditors to propose the removal of a director to the Board of Directors is an issue for companies with an Audit & Supervisory Board. We are striving to overcome this issue by appointing multiple outside directors (at least one third of members), have them become members of the Governance Committee, and deal with the appointment and dismissal of directors and executive directors in the Governance Committee.

III Status of Implementation of Measures Relating to Shareholders and Other Stakeholders

1. Measures to invigorate general meetings of shareholders and facilitate the exercise of voting rights

	Supplementary remarks
Early dispatch of notices of convocation of general meetings of shareholders	<p>In order to enable shareholders to fully deliberate the agenda of the general meeting of shareholders, the Company strives to send out and disclose the convocation notice at an early date each year. Notification of the 99th ordinary general meeting of shareholders was disclosed on the Tokyo Stock Exchange and the Company's website on May 28 of the corresponding year, prior to the sending of notices of convocation.</p> <p>The Company sends out notices of convocation three weeks prior to the date of general meetings of shareholders. The notice of convocation of the 99th ordinary general meeting of shareholders was sent on June 4, 2024.</p>
Scheduling AGMs avoiding the peak day	The 99th ordinary general meeting of shareholders was held on Wednesday, June 26, 2024.
Use of electronic means to exercise voting rights	Since the 83rd ordinary general meeting of shareholders on June 26, 2008, it has been possible to exercise voting rights by electronic means (Internet, etc.)

Establishment of IR unit (staff in charge)	The Company has established the Public Relations & Investor Relations Department.	
Other activities	<ul style="list-style-type: none"> The Company holds multiple briefings for individual investors at securities firms, etc. (held once in fiscal 2024). The Company is working to enhance its corporate communications and improve its website in order to promote interest among individual investors. The Company also responds diligently to inquiries from individual investors received by telephone or other channels. 	

3. Measures to respect the position of stakeholders

Updated

	Supplementary remarks
Internal rules and other provisions for respecting the position of stakeholders	Through the SMM Group Corporate Philosophy, SMM Group Management Vision, and Sumitomo Metal Mining Group's Sustainability Policy, the Company is committed to fulfilling its responsibilities to stakeholders and actively working to build a sustainable society. As part of that, the Company aims to ensure proper information disclosure to its shareholders and other stakeholders.
Implementation of environment conservation activities, CSR activities, etc.	<p>On October 1, 2008, the Company systemized its existing social and environment initiatives as sustainability promotion activities to expand them throughout the Group. In the Sumitomo Metal Mining Group's Sustainability Policy, the Company states its commitment to addressing management issues that contribute to the sustainable development of society, thereby achieving sustainable business growth and enhancing its corporate value. The goal of Sumitomo Metal Mining Group sustainability promotion activities is to ensure sustainable co-existence with society and the global environment.</p> <p>Sustainable co-existence with the global environment means that the Company will be ever mindful of the fact that its corporate activities depend on a healthy planet and that the Earth's resources are limited.</p> <p>Sustainable co-existence with society means that, through such means as dialogue and interaction with stakeholders, the Company is endeavoring to enhance enterprise value.</p> <p>The Sustainability Committee (headed by the president) has been established to ensure promotion of sustainability promotion activities. Under this, Sustainability Subcommittees and Management System Working Groups have also been established, and the Company has also established the Corporate Value Enhancement Strategic Committee, DX Promotion Committee, and Carbon Neutral Promotion Committee. Sustainability Subcommittees work to achieve the six Material Issues and the corresponding "Vision for 2030" set for each. Management System Sectional Committees work to address issues related to risk management, compliance, quality, and responsible mineral procurement. The Corporate Value Enhancement Strategic Committee is dedicated to enhancing corporate value by ensuring the sustainable growth of the Group's business operations. The DX Promotion Committee and the Carbon Neutral Promotion Committee are working respectively to achieve digital transformation (DX) and carbon neutrality based on the SMM Group Corporate Philosophy, the SMM Group Management Vision, and the SMM Group "Vision for 2030."</p> <p>In order to further strengthen sustainability promotion activities and SDGs and ESG correspondence, in April 2022, in accordance with the restructuring of its sustainability promotion framework,</p>

	<p>the Company renamed the former CSR Department established in April 2019, to the Sustainability Dept.</p> <p>Previously, the status of the Sumitomo Metal Mining Group's sustainability promotion activities was reported in the annual Integrated Report. However, from fiscal 2023, in addition to the Integrated Report, a new annual Sustainability Report has been published to expand and enhance the disclosure of sustainability-related information (the most recent issue was published in August 2024).</p> <p>The Sustainability Report and the Integrated Report are published on the Company's website.</p>
Formulation of policies for provision of information to stakeholders	<p>The Company has formulated an IR Policy. It is posted on the following Company website.</p> <p>https://www.smm.co.jp/en/ir/policy/</p>
Other	<p>Initiatives to promote diversity:</p> <p>For the Company, a company that seeks to be a "World Leader in the Non-Ferrous Metals Industry," it has become increasingly important to create a working environment in which diverse human resources can become more active, and company-wide steps are being taken to create such an environment.</p> <p>In July 2012 the Company formed the Female Activation Support Group, and in October 2015 established the Diversity Promotion Section within the Human Resources Development Department (currently the Human Resources Dept.), and has conducted a range of initiatives to assist the creation of an environment that enables diverse human resources to manifest their full capabilities, and also promote respect for human rights.</p> <p>In addition to initiatives related to women, foreign nationals, and persons with disabilities, the Company also implements a variety of measures to support employees at different stages of their lives, including promoting awareness of available systems among employees raising children or caring for family members and workplace training programs as well as LGBT awareness training for executives and employees.</p>

IV Matters Relating to Internal-Control Systems, etc.

1. Basic approach to internal-control systems and status of development

1. Basic policy

The building of internal control is one of the most important management issues for ensuring the sustained growth of the Sumitomo Metal Mining Group (including Sumitomo Metal Mining, both here and hereinafter). With regard to the matters referred to in item 2 onward, the policy is to build a structure in which Sumitomo Metal Mining Group officers (including executive officers, both here and hereinafter) and employees can all play their respective roles and responsibilities that are clearly defined, and to build a structure that can be revised in a timely and appropriate manner and improved constantly.

2. Systems to ensure that the performance of duties by the Company's directors and employees conforms with laws and regulations and the Articles of Incorporation (Article 362(4)(vi) of the Companies Act, and Article 100(1)(iv) of the Ordinance for Enforcement of the Companies Act)

1) The Company endeavors to nurture a corporate culture in which duties are performed in a sound and legally compliant manner, by having officers set an example of compliance with the SMM Group Code of Conduct, which sets out the standards of conduct required of officers and employees, and by having officers educate employees and ensure they are thoroughly acquainted with it.

2) The system in place is one in which, based on the Regulations of the Board of Directors, agenda items and matters reported at meetings of the Board of Directors are compliant with the Companies Act. In addition, matters of particular management importance are considered from diverse, expert perspectives, including with regard to legality, in meeting formats or through the ringi process in accordance with rules such as the Regulations on Head-Office, etc. Authority Criteria, the Management Committee Regulations, and the Approval Regulations.

3) With regard to the status of the performance of duties by officers and employees, internal audits by the Internal Audit Department are conducted regularly and whenever necessary. The Internal Audit Department reports to the Board of Directors on a regular basis regarding the internal audit plan for the current fiscal year and a summary of the internal audits conducted the previous fiscal year (including the response status to any major problems identified, if any.)

4) Also in place is an internal reporting hotline system to ensure that, if the performance of duties by officers or employees is in violation of laws, regulations, the Articles of Incorporation, etc., the said violations do not go ignored or unaddressed.

3. Systems for the storing and management of information relating to the performance of duties by directors of the Company (Article 100(1)(i) of the Ordinance for Enforcement of the Companies Act)

Minutes of general meetings of shareholders, minutes of Board of Directors meetings, *ringi* documents, and other information relating to the performance of duties by officers are stored and managed appropriately in accordance with laws and regulations, the Document

Regulations, the Approval Regulations, and other rules.

4. Regulations and other systems relating to management of risk of loss by the Company (Article 100(1)(ii) of the Ordinance for Enforcement of the Companies Act)

To address risk management, the Regulations on Risk-Management Systems have been established and the following framework is used to systematically implement company-wide risk management. Units that include management personnel have been established to pursue this implementation. The president has overall control of risk management as the senior officer responsible, and this activity is conducted systematically on a company-wide basis.

- 1) With regard to management and business risks associated with the implementation of growth and business strategies and cross-organizational risks, addressing the risks and considering in meetings and setting mid- to long-term policy and directions.
 - 2) With regard to individual risks such as Quality, Environment, Compliance, head-office organizations, and units with jurisdiction over each such risk have instituted internal regulations and rules and are addressing the risks on the basis of the risk-management structure they created.
 - 3) With regard to critical situations, addressing by transitioning to crisis management system based on internal regulations.
5. Systems to ensure that the Company's directors perform their duties efficiently (Article 100(1)(iii) of the Ordinance for Enforcement of the Companies Act)
 - 1) The executive officer system has strengthened those officers' executive capabilities by clearly defining their authority and responsibilities and delegating substantial authority to them. Specifically, the executive officers are entrusted with important positions such as heading a business division, or a division or a department at the Company's head office, and are granted specific authority to perform their duties in each such position pursuant to the Regulations on Head-Office, etc. Authority Criteria and other rules.
 - 2) Appropriate allocation of management resources within the Sumitomo Metal Mining Group is conducted in accordance with three-year business plans, budgeting systems, etc. In addition, performance-management systems enable the progress of business plans within the Group to be managed, and a system is in place under which performance assessments can be reflected in the remuneration of management and other personnel.
 6. Systems to ensure the appropriateness of business within the corporate group comprising the Company and its subsidiaries (Article 100(1)(v) of the Ordinance for Enforcement of the Companies Act)
 - 1) System for the reporting to the Company of matters relating to the performance of duties by directors, etc., of subsidiaries (Article 100(1)(v)(a) of the Ordinance for Enforcement of the Companies Act)

A system has been built to enable prior consultation, etc., with the Company to take place in accordance with internal regulations and rules when decisions are taken on important management matters at subsidiaries. Another system has been built for reporting to the Company regularly with regard to business results and whenever important business matters arise.

- 2) Regulations and other systems relating to management of risk of loss by subsidiaries (Article 100(1)(v)(b) of the Ordinance for Enforcement of the Companies Act)

In accordance with the Regulations on Risk-Management Systems, a system has been built for the promotion and monitoring of risk management at subsidiaries in a manner tailored to accord with factors such as the characteristics of the business being conducted and of the local region.

- 3) Systems to ensure that subsidiaries' directors, etc., perform their duties efficiently (Article 100(1)(v)(c) of the Ordinance for Enforcement of the Companies Act)

- a. By means of three-year business plans, budgeting systems, etc., a system has been built to indicate Sumitomo Metal Mining Group management policies to subsidiaries and to make it possible for the Company to participate in the formulation of subsidiaries' business plans and budgets.
- b. A system has also been built for assigning officers from the Company to subsidiaries and making it possible for them to participate in decision-making and other tasks with regard to important management matters at subsidiaries.

- 4) Systems to ensure that the performance of duties by subsidiaries' directors, etc., and employees conforms with laws and regulations and the Articles of Incorporation (Article 100(1)(v)(d) of the Ordinance for Enforcement of the Companies Act)

- a. The Company has built a system for nurturing a corporate culture in which duties are performed at subsidiaries in a sound and legally compliant manner, by establishing the SMM Group Code of Conduct that is in principle applicable to all subsidiaries, by having officers at each subsidiary set an example of compliance with the code, and by having those officers educate the subsidiary's employees and ensure they are thoroughly acquainted with it.
- b. With regard to the status of business execution at subsidiaries, internal audits by the Company's Internal Audit Department are conducted regularly and whenever necessary. The Internal Audit Department reports to the Board of Directors on a regular basis regarding the internal audit plan for subsidiaries for the current fiscal year and a summary of the internal audits conducted the previous fiscal year (including the response status to any major problems identified, if any.)
- c. Also in place is an internal reporting hotline system to ensure that, if the performance of duties by subsidiaries' officers or employees is in violation of laws, regulations, the Articles of Incorporation, etc., the said violations do not go ignored or unaddressed.

7. Matters relating to employees in cases in which Audit & Supervisory Board members request the assignment of employees to assist them in their duties (Article 100(3)(i) of the Ordinance for Enforcement of the Companies Act)

Employees are assigned to work as Audit & Supervisory Board secretariat personnel in order to support Audit & Supervisory Board members in the performance of their duties. The number of secretariat members, their required qualifications, working arrangements, and other factors are determined through discussions with the Audit & Supervisory Board Members.

8. Matters relating to ensuring the independence from directors of the employees referred to in 7 above and the effectiveness of instructions to those employees (Article 100(3)(ii) and (iii) of the Ordinance for Enforcement of the Companies Act)
 - 1) If there are to be staff changes among Audit & Supervisory Board secretariat personnel, the Audit & Supervisory Board members will be consulted in advance.
 - 2) If Audit & Supervisory Board secretariat personnel do not abide by Audit & Supervisory Board members' instructions, and Audit & Supervisory Board members request they be replaced or otherwise addressed, such a request will be dealt with seriously.
9. Systems for the Company's directors and employees, as well as subsidiaries' directors, auditors, and employees, to report to the Company Audit & Supervisory Board members (Article 100(3)(iv) of the Ordinance for Enforcement of the Companies Act)
 - 1) A system has been built to ensure that matters required to be reported to the Company's Audit & Supervisory Board members pursuant to the Companies Act or other laws are certain to be so reported, by prescribing matters to be reported to the Board of Directors in the Regulations of the Board of Directors and other internal regulations.
 - 2) If illegal acts, etc., occur within the Sumitomo Metal Mining Group, they are reported to the Company's standing Audit & Supervisory Board members in accordance with the Basic Compliance Regulations.
 - 3) With regard to the status of use of the internal reporting hotline system, a system has been built for reporting to the Company's standing Audit & Supervisory Board members in accordance with the Internal Reporting Regulations.
 - 4) The results of internal audits by the Company Internal Audit Department relating to the status of execution of Sumitomo Metal Mining Group business are reported to all of the Company's Audit & Supervisory Board members.
10. System for ensuring that the persons reporting incidents referred to in 9 above do not receive unfavorable treatment because they have made those reports (Article 100(3)(v) of the Ordinance for Enforcement of the Companies Act)

It is stated explicitly in the Internal Reporting Regulations, etc., that it is prohibited to give unfavorable treatment to persons using the internal reporting hotline system because they have used the said system.

11. Matters relating to policy on procedures for the prepayment or reimbursement of expenses arising in relation to the performance of duties by Audit & Supervisory Board members or on other treatment of expenses or debts arising in relation to the performance of the said duties (Article 100(3)(vi) of the Ordinance for Enforcement of

the Companies Act)

When Audit & Supervisory Board members request the Company to prepay or reimburse expenses, etc., in relation to the performance of their duties, the said expenses or debts are dealt with pursuant to the Companies Act.

12. Other system for ensuring that audits by Audit & Supervisory Board members are conducted effectively (Article 100(3)(vii) of the Ordinance for Enforcement of the Companies Act)
 - 1) When important management meetings are held, such as those of the Management Committee and management information liaison meetings, Audit & Supervisory Board members are given the opportunity to attend them in accordance with internal regulations and rules.
 - 2) Ringi documents to be approved by the president are shown to the standing Audit & Supervisory Board members, with the exception of items specified by standing Audit & Supervisory Board members.

2. Basic approach to elimination of antisocial forces, and status of implementation

1. Basic approach

The SMM Group Code of Conduct has been instituted as the set of standards of conduct required of officers and employees of the Company and its Group companies, and it declares, both in-house and externally, the severance of relationships with antisocial forces as follows.

SMM Group Code of Conduct

15. Severance of Relationships with Socially Disruptive Forces

We will staunchly eliminate socially disruptive forces and have no relations whatsoever with them.

2. Status of implementation of measures to eliminate antisocial forces

Sumitomo Metal Mining and its Group companies adhere to the SMM Group Code of Conduct and have also formulated a manual for handling improper demands with the aim of severing relationships with antisocial forces. Details of the status of implementation of the in-house structure and implementation measures are as follows.

- 1) In order to ensure that basic policy for the severance of relationships with antisocial forces is entrenched firmly, all officers and employees of the Company and its Group companies are familiarized with the SMM Group Code of Conduct by the provision of training, particularly at the time employees are hired, and also of other education and training.

- 2) If improper demands are made by antisocial forces, or a situation occurs that suggests they may be imminent, an organizational response is made in accordance with the manual for handling improper demands under the overall control of the general manager of the General Affairs Department.
- 3) In order to sever relationships with antisocial forces, the Company and its Group companies have built close collaborative relationships with police stations and other such dedicated organizations, providing them with information, obtaining advice, etc. In addition, they have created structures for obtaining legal advice from the law firms they retain.
- 4) The Company and its Group companies also participate actively in classes and training course held by organizations such as Centers for the Elimination of Boryokudan, and endeavor to gather up- to-date information.

Supplementary remarks concerning applicable item

The basic policy regarding the persons who control decisions on the Company's financial and business policies

Overview of basic policy

The Company will not reject a large-scale acquisition of the shares from the outset if it will contribute to the enterprise value of the Company and, in turn, the common interests of its shareholders. The Company also believes that any decision on a proposed acquisition that would involve a transfer of control of a stock company must ultimately be made in accordance with the intent of its shareholders as a whole.

Nonetheless, there are some forms of corporate acquisition that deteriorate the corporate value of the target company and the common interests of its shareholders.

The Company believes that persons who would make a large-scale acquisition of shares in the Company in a manner that is harmful to the enterprise value of the Company or the common interests of its shareholders would be unsuitable as a person who would control decisions on the Company's financial and business policies. The Company also believes that it is necessary to ensure the enterprise value of the Company and, in turn, the common interests of its shareholders, by taking the necessary and reasonable countermeasures against a large-scale acquisition by such persons.

From the above perspectives, the Company previously decided to introduce countermeasures to be taken if the shares in the Company are subject to a large-scale acquisition.

However, there has recently been an increasing number of cases in Japan where shareholders' intent with respect to the necessity of takeover defense measures against a large-scale acquisition of shares initiated without obtaining the consent of the target company's board of directors is confirmed at the time when a proposal for a large-scale acquisition is actually made by a specific person (i.e., acquirer) based on the specific features of the acquirer and the details of the proposal, as well as the purpose, manner, and terms of the large-scale acquisition and other specific facts. Taking into account the recent trend described above and dialogue with institutional investors, the Company has decided not to renew its takeover defense measures at a stage where a specific acquirer has not emerged. The Company believes that it is desirable to confirm shareholders' intent on appropriate countermeasures as necessary when an acquirer has actually emerged and a proposal for a large-scale acquisition of the shares in the Company is made.

The Company continues to strive to ensure and enhance its corporate value and the common interests of its shareholders by promoting its 3-Year Business Plan under the

fundamental strategy of aiming to become “a world leader in the non-ferrous metals industry” as stated in its long-term vision, and if the shares in the Company are subject to a large-scale acquisition, the Company will take appropriate measures as necessary under the circumstances and to the extent permitted under the Financial Instruments and Exchange Act, the Companies Act, and other relevant laws and regulations after requesting the acquirer to provide necessary and sufficient time and information to enable the shareholders to make a decision appropriately on whether or not to accept the proposal and respecting the opinions of independent outside board members.

2. Other matters concerning the corporate governance system, etc.

Internal system for timely disclosure of corporate information

1) Corporate philosophy and code of conduct

In December 2003, the Company instituted the SMM Group Corporate Philosophy, setting out what the Company aims to achieve, and the SMM Group Code of Conduct, which lays down the behavioral standards for all officers and employees required for fulfilling the corporate philosophy, and in April 2004 they were both put into effect. The SMM Group Code of Conduct was subsequently revised in October 2008, April 2015 and October 2022 in parallel with changes in the business environment.

The SMM Group Corporate Philosophy includes a pledge to “fulfill its responsibilities to its stakeholders,” and thus proper information disclosure is a moral obligation for the Company.

The SMM Group Code of Conduct includes “Compliance: Abidance by Laws and Rules,” where a pledge is made to “comply with foreign and domestic laws and rules, and conform to social norms.”

2) Systems based on internal regulations

Adhering to the SMM Group Corporate Philosophy and the SMM Group Code of Conduct, in order to address information disclosure appropriately and in a fair and timely manner, the Company sets out rules for managing insider information in the Regulations on Disclosure of Information to Media Organizations and Investors and the Regulations on Insider Trading Prevention and Information Management.

Specifically, the handling of information relating to decisions made, information relating to events, and information relating to financial results (hereinafter collectively referred to as “Important Facts”) is as follows. (a. below is stipulated in the Regulations on Insider Trading Prevention and Information Management, and b. and c. below are provided for in the Regulations on Disclosure of Information to Media Organizations and Investors.)

- a. If Important Facts arise or are predicted to arise at the Company or its subsidiaries, the heads of the departments with jurisdiction over those Important Facts (in the case of subsidiaries, the departments with jurisdiction over those subsidiaries) file reports to that effect to the general manager of the Legal Department.
- b. With regard to the Important Fact so reported, the general manager of the Legal Department then decides whether that fact falls into the category of a matter for

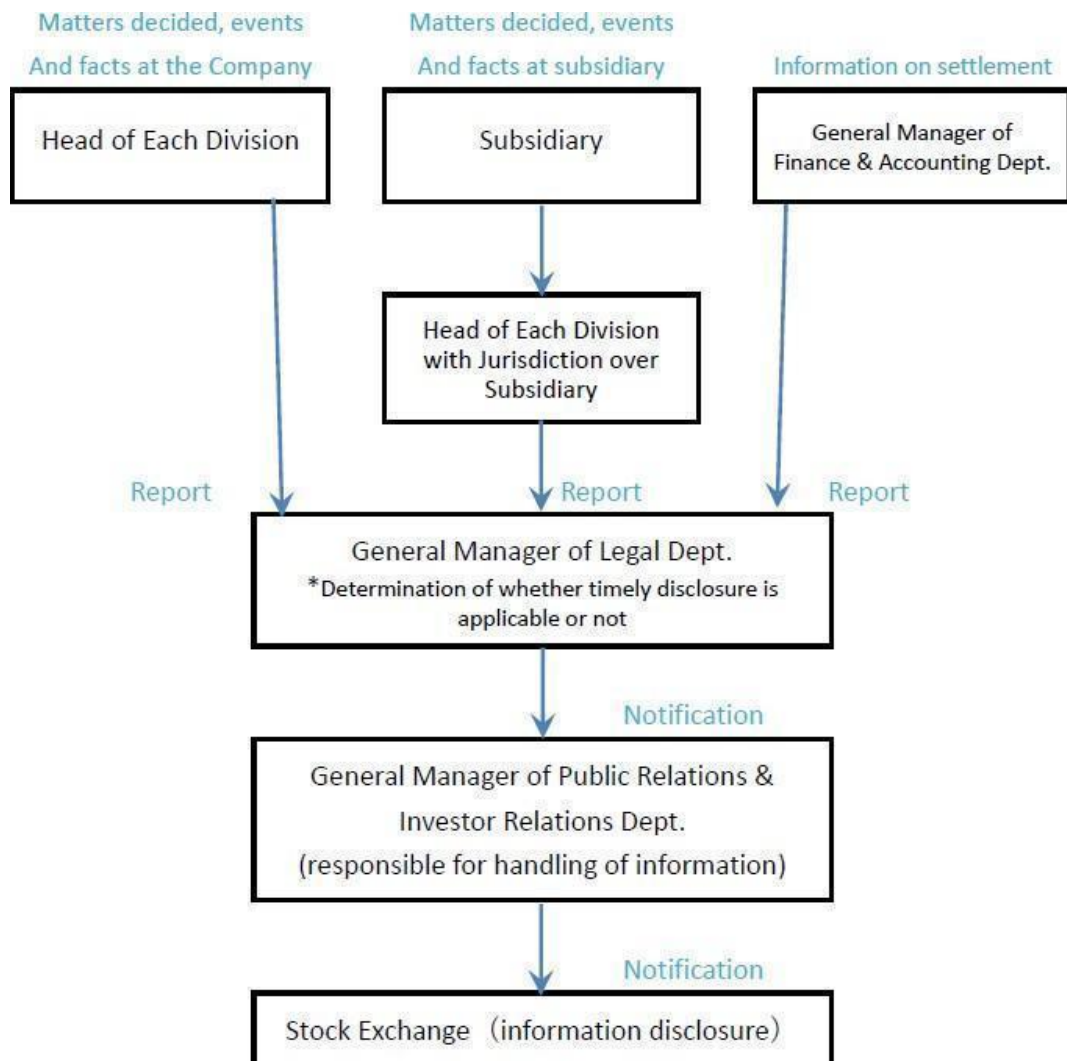

timely disclosure, and notifies the general manager of the Public Relations & Investor Relations Department, the officer responsible for information handling.

- c. The general manager of the Public Relations & Investor Relations Department makes disclosure in accordance with the regulations laid down by the Tokyo Stock Exchange or other such institution.

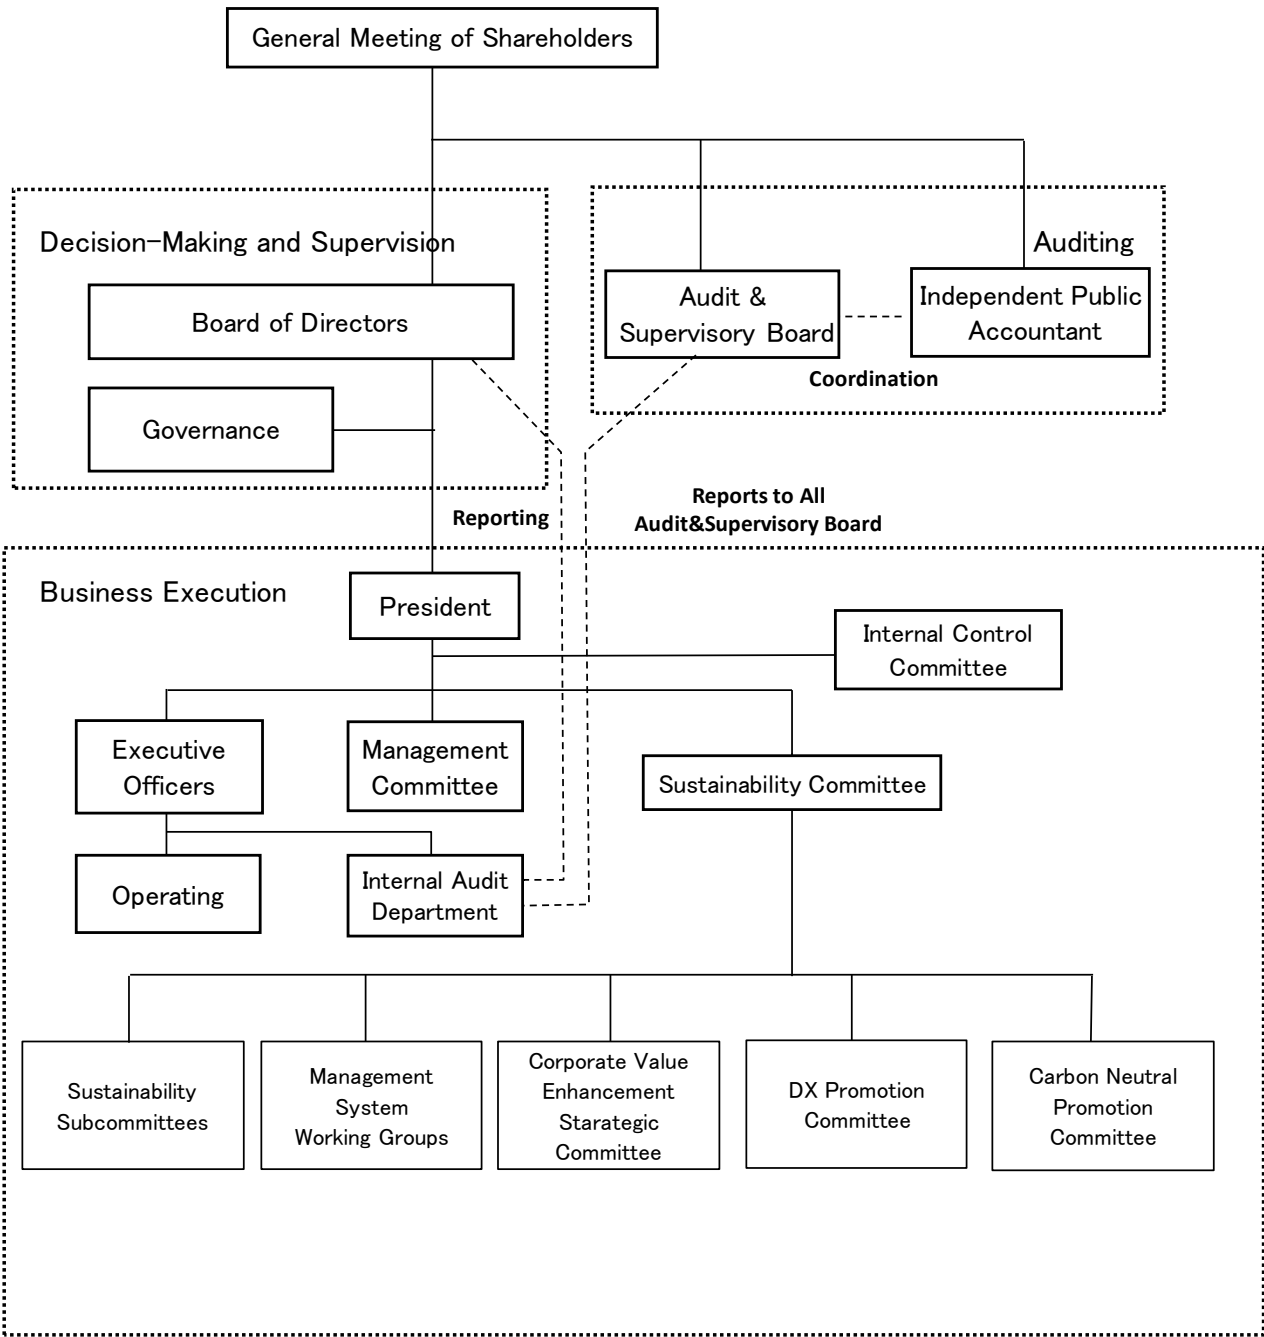

3) Timely-disclosure screening through the ringi process

Fundamental to business decision-making at the Company is the conduct of investigation and screening followed by approval through the ringi process. Screening for timely disclosure is conducted through ringi documents that are circulated during this decision-making process as the circumstances demand in each case

Flowchart for Timely Disclosure of Corporate Information

Corporate Governance System

Skills Matrix for Board of Directors

Category	Name	Knowledge, experience, ability, etc. possessed by Directors and Audit & Supervisory Board Members that the Company believes will contribute significantly to the effectiveness of the Board of Directors.							
		General Corporate Management/ Sustainability	Global Capability (International Experience)	Business/ Marketing	R&D/ Manufacturing/ Engineering	Quality/ Safety/ Environment	Finance/ Accounting	Human Resources	Legal/ Compliance
	Akira Nozaki	○	○	○			○		
	Nobuhiro Matsumoto	○	○	○	○	○			
	Masaru Takebayashi	○	○	○	○	○			
	Hiroshi Yoshida	○	○	○			○	○	○
	Hideyuki Okamoto	○	○	○	○	○			
	Taeko Ishii							○	○
	Manabu Kinoshita	○		○				○	
	Koji Takeuchi			○	○				
	Koji Imai								○
Audit & Supervisory Board Members	Tsuyoshi Nozawa	○				○	○		
	Shoji Wakamatsu						○		
	Tsuguya Ieda		○	○			○	○	

Notes 1. The Company has created the skills matrix for directors and Audit & Supervisory Board Members based on II.3 "Reasons for selection of present corporate governance system" above. Each skill item has been selected through discussions by the Board of Directors, focusing on those required to attain the Company's long-term vision and the "Vision for 2030" set for each material issue. As the knowledge, experience, ability, insight, and other attributes required of the Company's Board of Directors may change in response to changes in management strategies and the external environment, the Board of Directors will continue to discuss the necessary knowledge, experience, ability, insight, and other attributes, and update the skills matrix as necessary.

2. For the policies and procedures for nominating director and Audit & Supervisory Board Member candidates, refer above to I. Basic Philosophy of Corporate Governance, Capital Structure, Corporate Data, and Other Basic Information; Disclosures pursuant to specific principles of Japan's Corporate Governance Code; Principle 3-1: Full Disclosure "(iv) Policies and procedures in the nomination of director candidates, appointment or dismissal of senior management, and nomination of Audit & Supervisory Board member candidates".

3. Fields in which the Company believes directors and Audit & Supervisory Board Members can make a particular contribution to the effectiveness of the Board of Directors are indicated with a "○". In addition, the Company has established the following guidelines to determine whether members fulfill each respective requirement.

Fields	Guidelines for fulfillment
General Corporate Management/ Sustainability	<ul style="list-style-type: none"> •Experience as a corporate officer (director with representative rights) of a publicly listed company or equivalent company •Knowledge, experience, etc. that contributes to “strengthening the management base” as outlined in “what the Board of Directors should ideally be” established by the Company. •Experience as a director, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to sustainability such as ESG/CSR / experience working for an external evaluation organization •Consulting/academic research experience, etc. in the General Corporate Management/Sustainability field •Experience holding responsibility for conducting dialogue with shareholders, local community, local residents, etc.
Global Capability (International Experience)	<ul style="list-style-type: none"> •Experience at an overseas subsidiary as a corporate officer, in business operations, or on assignment / Experience at an overseas office of a government agency
Business/ Marketing	<ul style="list-style-type: none"> •Experience as president, officer responsible for corporate planning, division head, department head or equivalent managerial position, or experience in charge of practical operations. •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to the Company's core businesses (Mineral Resources, Smelting & Refining, Materials). •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations related to mergers and acquisitions in business divisions or business investments. •Experience in charge of practical operations at a financial institution, investment bank, or professional services firm •Experience as president or equivalent officer of an affiliate (operating company). •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to sales and marketing.

R&D/ Manufacturing/ Engineering	<ul style="list-style-type: none"> •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to research and development. •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to manufacturing technology/management or engineering / Possession of international qualifications related to the manufacturing technology/management or engineering field.
Quality/ Safety/ Environment	<ul style="list-style-type: none"> •Experience as a responsible officer, division head, department head or equivalent managerial position, or experience in charge of practical operations in a division related to quality/safety/environmental management. •Possession of auditor qualifications related to public certification bodies for quality, safety, and the environment, such as ISO.
